GAS WAR STRIKES CENTRAL COUNTY AGAIN

ORINDA SUN

Vol. XV, No. 1 — Lafayette — Orinda, California — Friday, March 15, 1957 — Ten Cents

'City' Basis Now Sound, Unit States

Noting "a continuing need for Orinda to make its own vital decisions affecting the future of the community," five members of last year's incorporation study commmittee of the Orinda Association declared Monday night that "incorporation is more feasible now than we found it in our study last year."

Signed by Paul L. Pollaczek, Frederick F. Rust, Willard Neill Porter, E. O. May and Richard M. Bartle, a letter to President W. E. Estes of the association called attention to changes since the committee's report of last June.

Their letter was read at the association directors' meeting at Orinda School Monday night. It stated:

"The assessed valuation of the proposed incorporated area is about $22 million, 10 per cent higher than last year.

"PERHAPS MORE significant, however, is the fact, with the uniform county-wide sales tax in operation, the State Board of Equalization estimates that an incorporated Orinda would receive at least $45,000 a year from sales taxes in the 1957-58 fiscal year and about $67,000 in the following year.

"The sales tax is now being collected but, since Orinda is unincorporated, all collections here are kept by the county.

"Our committee assumed only $10,000 of annual sales tax income.

"WITH THIS NEW, reliable figure of $45,000 available, we conclude that only $28,500 per year would be needed from property taxes to provide the relatively high standard of government and services set forth in our report.

"This could be raised from a 13-cent tax, compared with the rate of about 32 cents used in our report.

"When sales tax income reaches $67,000 a year in 1958, as estimated by the state board, our property tax could be reduced to less than 5 cents without reducing the standards of city services."

THE ORINDA ASSOCIATION board reiterated its stand of the previous meeting, February 25, when the directors voted to pursue vigorously "those steps in the incorporation procedure necessary to bring it to the vote of the people."

But—as was the case at the February 25 session—the board did not go on record either for or against incorporation.

This attitude of the 1957 Board of Directors is in contrast to that of last year's board, which was in favor of incorporation.

AT ITS February 25 meeting, the board decided to conduct a renewed drive to obtain necessary signatures on petitions for an election on Orinda incorporation.

Required are signatures of at least 25 per cent of the landowners in the community, representing at least 25 per cent of the assessed valuation, without improvements."

The letter from Pollaczek and the others stated:

"OUR COMMITTEE concluded last June that incorporation for Orinda was both feasible and desirable.

"We urged prompt, vigorous action so that valuable time would not be lost.

"We are pleased to find that the non-property tax revenues Orinda would receive if incorporated are larger than we anticipated.

"The arguments in favor of incorporation are even stronger today than ever before."

The signers said that a review of the situation has brought them to these principal conclusions:

"1. THE SAME FACTORS which resulted in our recommending incorporation last June still exist and the desirability of incorporation for Orinda has been emphasized by recent events.

"2. Increases in potential non-property tax revenues which would be received by an incorporated Orinda make incorporation financially more feasible, and the property tax rate required now woul dbe about half that assumed in the committee's original report."

"We note," the letter went on, "a continuing need for Orinda to make its own vital decisions affecting the future of the community; in planning and zoning, in determining what public facilities and service the community needs and what levels of service should be provided.

"WE BELIEVE far more can be accomplished for Orinda through self-government than is possible as a relatively small part of a large and diversified county like Contra Costa.

"We note the continuing interest in establishing a program of communty recreation, in improving standards of police protection, in building a new library for Orinda.

"We note, too, the difficulties involved in achieving these and similar objectives within our present governmental structure.

"We believe Orinda is a community with a wealth of competent community leaders and thus eminently well-equipped to assume the responsibilities of self-government.

"WE FEEL STRONGLY that now, while our community is growing but still has room to grow, is the time to exercise the prerogatives of self-government so Orindans can build the kind of community they want to have."

Elsewhere, the letter states:

"As every property owner in Orinda knows, taxes went up in 1956. The current overall tax rate in Orinda is $8.79 per $100, compared with $7.189 in 1955-56, an increase of more than 20 per cent, and higher rates are in prospect for the future.

"IN VIEW OF these facts, we note the obvious weakness in trying to provide needed additional facilities and services in Orinda through districts which must derive all of their local revenues from property taxes.

"An incorporated city, since it qualifies for so much aid from the state and can collect sales taxes, business licenses and other non-property tax revenues, appears to be the appropriate means of providing needed new services without additional burden on the already struggling taxpayer."

Hines Arrested For Bad Check

Wilmer H. Hines, former assistant tennis instructor at Orinda Country Club, was jailed in Berkeley last week on a misdemeanor charge of passing a bad check for $50.

Hines was arrested in Los Angeles on February 27 and returned to Berkeley by Inspector Walter Garratt.

A former tennis "great" of the 1930's, Hines admitted giving the check to a sporting goods store owner in Berkeley.

Hines left his position at Orinda Country Club some few months prior to the time he passed the bad check.

Miramonte Girls To Be Offered Fashion Show

Girls of the Miramonte High School homemaking class will help present "Fashions on the Go," a fashion show presented by Vogue Pattern Service especially for high school girls, on Tuesday at 2 p.m. in the school's auditorium.

Miss Suzanne Stout, educational representative for the Vogue Pattern Service, will assist the girls who will model six various patterns that make up the "Fashions on the Go" wardrobe.

"Each pattern," says Miss Stout, "has been made up for spring and summer in two different ways to show how the same pattern can be interpreted to give the fashion news in color and fabric."

Tips an good grooming and clothing construction are a part of the presentation to be made by Miss Stout. She will discuss the fabrics in which each costume is made and will tell the students why certain accessories are considered more appropriate than others.

Girls who have been selected to serve on the organizational committee are Judie Roberts, Judy Ageno, Jo Ann Putnam, Bonnie McLaverty, Marty DeMaeyer and Anne Reilly.

READING SESSION for Del Rey School second graders in Orinda is conducted by Mrs. Theorita Canty, second grade teacher at the school. She has been selected as the representative teacher at the school. Teacher Must Really Like Children, Says Mrs. Canty

"Most teachers enjoy teaching and they enjoy children—otherwise they wouldn't stay on as teachers."

Mrs. Theorita Canty, who has been a second grade teacher in Orinda for 11 years — since November, 1953, at the Del Rey School — pondered a moment, then added:

"It seems to me that it's not so much liking teaching as liking children that's really important — for if a teacher likes children and strives to improve in the teaching profession, the teacher becomes more efficient as an instructor and more popular with the students."

HOW TO GET MORE people to enter the teaching profession?

"Pay is important, of course—but basically the teacher must like children," she observed.

As if to emphasize the importance of that point, the attractive Mrs. Canty, who has been selected by her school as the "representative teacher" at Del Rey, pointed out what all teachers, most parents and many pupils realize — that a teacher's workday is not measured by the hours in classroom.

"There are always papers to correct," she said.

"THEN, TOO, there are courses the teacher must keep taking if he or she wishes to advance in the profession and in salary.

"I've recently completed a course at San Francisco State in anthropology.

"Most teachers in the Orinda School District are taking the in-service training offered by the district."

SHE EXPLAINED that an important project this year is the reading program, which is a key subject in the in-service training. It is one of the topics at meetings of the Del Rey faculty, under the leadership of Principal Herman Z. Nyland Jr.

The entire in-service training program, which adds to the credits in the teacher's rating, is under the direction of Orinda Superintendent of Schools Joseph L. Sheaff and Assistant Superintendent Philip Lambert.

"In addition to correcting papers and taking courses, there are all the extra things a teacher does for the students before school starts for the day," Mrs. Canty said.

"IN KINDERGARTEN and first grade, the teacher helps youngsters with their clothes and makes sure they have their milk money.

"As the children grow older, there are other problems. The teacher must be sympathetic and understanding."

What about the relationship between teachers and parents?

"GENERALLY, the parents are cooperative," Mrs. Canty declared.

At the beginning of the school year, in the fall, a meeting arranged by the Orinda Mothers Club room mother for the particular room is held, she stated.

"The teacher explains what he or she hopes to accomplish during the coming year," Mrs. Canty went on.

"THIS PAST YEAR these meetings have been held in the classrooms — a better arrangement than holding the meetings at parents' homes, as before.

"Under the new method, the parents can see what you're doing in connection with the curriculum, and they see first-hand what the classroom is like.

"That helps them understand better the problems faced by their children and also by the teacher."

AT DEL REY School there are three student teachers who work in clasrooms with regular teachers, Mrs. Canty reported. One is in a first grade classroom, another is in a second grade grade classroom and the third is in a third grade classroom.

These three student teachers from the University of California started their "internship" the latter part of January. Their work augurs well for the teaching profession, according to the Del Rey "representative teacher."

Some of the Orinda teachers are taking courses at the University of California; others are doing so at San Francisco State.

"YES, WE'RE ALL kept busy," remarked Mrs. Canty, who is a graduate of UC and who received her teaching credential at San Francisco State. She lives in Oakland.

"In the summer we're busy, too," she continued.

"During the past few summers I've taught summer school in Orinda. Other teachers have gone to school, taking university or college courses. Still others work at other jobs during the summer."

Mrs. Canty smiled, then added: "By Friday evening each week, I'm really 'worn out' — and I guess most teachers are — but it's a happy kind of weariness, made pleasant by the realization that we're accomplishing something worth-while for the youth of our country."

Blanchards Return From Mid-Western Trip

Mr. and Mrs. Harry J. Blanchard of Orinda recently returned from a three weeks' trip, having visited Chicago, Grand Rapids, Oklahoma and Dallas.

Zellerbach Names Wilkin President

The board of directors of the Zellerbach Paper Company announced recently the election of King Wilkin to the presidence of the company.

Wilkin, who resides at 12 Los Arboles in Orinda, was formerly executive vice-president and general manager of the firm.

An associate of the company since 1936, Wilkin has served in the capacities of director of sales training, assistant to the president and general sales manager in addition to his executive post.

He is well known in the paper industry through his membership on the board of directors of the National Paper Trade Association. He is also a director of the San Francisco Downtown Association, San Francisco Commercial Club and the Better Business Bureau.

Wilkin's election to the presidency marks the first time in the 87 year history of the firm that a member of the Zellerbach family has not held that position.

Prior to joining Zellerbach, Wilkin was director of publications for the University of California, his alma mater.

He and Mrs. Wilkin have two sons: Peter, who is employed at Zellerbach Paper Company, and Kim, currently a college student in Mexico City.

Sun Starts New Series About Local Teachers

The article in this issue on Mrs. Theorita Canty, second grade teacher at Del Rey School in Orinda and "representative teacher" at that school, is the first of a series on teachers and teachers' problems in our community.

Purpose of these articles is to make more familiar with the men and women with whom Johnny and Jane spend many hours of their time each week.

The idea is not to "glamorize" the teachers, but to present a sympathetic and accurate picture of the teacher— why he or she is interested in teaching, what he or she really thinks about the children and their parents — in short, what makes the teacher "tick."

Through these articles The Sun hopes to bring to Orindans an even better understanding of the work, hopes and problems of the teaching profession than they now possess.

Orinda Mothers To Hear Talk On Civil Defense

How should Orinda parents prepare for possible civilian disaster? Answers to this question will be discussed next Tuesday morning at the March meeting of the Orinda Mothers' Club.

William Ward, Director of Civilian Defense for Contra Costa County, will speak at the meeting, scheduled for 10 o'clock in the Orinda School auditorium.

Ward will describe the county's evacuation plans, as well as proposed action in case of attack without warning.

Specific responsibilities of parents to their children will also be discussed, according to Mrs. James Irwin, program chairman.

Ward will be introduced by William Gaskell, principal of Orinda School, who will explain his recent activities as defense director for the Orinda School District.

Transistor Talk Amazes Rotary

The Wednesday noon meeting of the Orinda Rotary Club was enhanced by a talk from Ken Rollins, from the public relations department of Pacific Telephone and Telegraph Company, on the new electronic age wonder—the transistor.

Rollins' talk covered the entire development of wireless communication since the days of the crystal sets, through the vacuum tube, to the modern methods used in electronics with the aid of the amazing little power plant.

Members of the Rotary were shown a king-size cut-away model of a transistor, and were astounded to discover how little power is necessary to operate the transistor.

Tommie Horton was chairman of the meeting. He announced next week's guest speaker: Sir Robert Hadow, British consul general in San Francisco. The meeting will be held Wednesday noon at the Orinda Willows.

Orinda Lions Shown Movie

Orinda Lions Club was treated to a very interesting movie and lecture at its meeting Wednesday night at Casa Orinda.

Entitled "The Next Ten," the movie told the story of research, development and progress made and scheduled by Kaiser Aluminum and Chemical Company.

The movie was accompanied by a talk from J. Gordon Ainsworth, a member of the public relations department at Kaiser.

A report was also offered to the members on the impromptu rummage sale held recently in Berkeley. The sum mentioned was a satisfactory one, according to a Lion spokesman.

The Orinda Lions will be represented next week on Thursday at the zone competition of the student speakers contest by Alice Monosmith. The competition will take place at the regular meeting of the Montclair Lions in Montclair.

Board Approves Planning Policy

The Orinda Association Board of Directors Monday night, at its meeting at Orinda School, approved the following policy for the general guidance of the association's Planning Committee:

"1. To support, in the best interests of the members of this community, the enforcement of the presently established zoning laws.

"2. To promote community planning that will lead to community development and improvement."

Heart Fund Drive Goes Over the Top

The 1957 Heart Fund in Orinda has gone over the top.

The February drive resulted in contributions amounting to $3099.75, Mrs. J. H. Schwarck, Heart Fund chairman announced this week. This exceeds the local goal by $1399 and tops the record of last year's campaign.

"The splendid response of the people of Orinda to the 1957 Heart Fund appeal," she said, is dramatic evidence of their appreciation of the seriousness of the heart problem.

"It also demonstrates their strong conviction that the Heart Association's program of research, education and community service is the most effective way of combating and eventually controlling this leading health menace," the chairman added.

In addition to paying tribute to the contributors, Mrs. Schwarck liberally praised the hundreds of local residents who volunteered their services for the door-to-door collection on Heart Sunday, February 24.

"As a result of their thoroughness in reaching practically every household in the community, it is practically a certainty now that the Contra Costa County Heart Association will be able to meet its 1957 goal," she said.

On behalf of the Contra Costa County Heart Association, Mrs. Schwarck expressed thanks to the following captains who assisted her in the Heart Sunday effort:

Mesdames E. J. Hinde, W. J. Smith, Ed Wilford, John Park, E. F. Winthers, H. Libby, H. A. Sharpe, J. H. Boyd, Phil Mittell, W. V. Traverso, E. Haynes, R. Grant, R. West, Andrew Knudsen, Vernon Louis, Elliott Rose and Miss Anne Badgley.

Waschmirth Gets Approval With Provision

The County Planning Commission Tuesday night granted Robert Waschmirth's application for approval of expansion plans for his Moraga Valley Nursery, 196 Moraga Highway, Orinda—with the provision that there be a 50-foot setback for all buildings.

Waschmirth is planning a new lath house and sales office.

Previously his application had been rejected by the Board of Adjustment because of the applicant's disagreement with the setback restrictions.

'Tis the Season To Commit Folly

Spring, they tell me, is just around the corner.

One more week and the vernal equinox will burst upon us for another calendar year. Unfortunately, it isn't a legal holiday. So most people just let Spring waltz in without much fanfare.

This week's weather has been doing its little part to herald the coming season, however.

Its part consists of being unpredictable. Rain one day, no rain the next, temperatures in the high 60's, temperatures in the high 30's (brrr) . . . that sort of thing.

At any rate, it was just rainy enough to keep us on our toes regarding umbrellas, etc. A total of 1.31 inches of rain hit the ground, bringing the total rainfall for the current year to 18.33 inches.

Thermometers labored hard to record the following.

	High	Low
March 7	67	45
March 8	58	45
March 9	57	47
March 10	60	37
March 11	57	46
March 12	55	47
March 13	57	38

Regular Gas Drops 28.9 Per Gallon; Dealers Meet

A major gas war, the scond in four months, has hit the central portion of Contra Costa County. Prices dropped from 31.9 cents for regular gas to 28.9 cents.

The war started, according to operators, in the Pleasant Hill area about two weeks ago. One station was reported to have cut prices in an effort to attract business.

SHORTLY AFTER, two other stations went down to 29.9 cents. Within the week the price cutting spread to Walnut Creek and the junction of Pacheco Boulevard and Highway 4.

The war is expected, by operators, to move into the Pittsburg-Martinez area.

Almost every gas station in Lafayette has cut its prices and in Orinda only one station was reported to have cut its prices.

A MEETING was set by the retail operators for last night. The meeting was held at the Midway on Clayton Road. The results of the meeting were not known before The Sun went to press.

The "on again-off again" gas war which hit at election time last year, saw prices drop as low as 23.9 cents per gallon for regular type gasoline and 27.7 cents for ethyl.

In the latest outbreak of the gas feud, only regular gas prices have been dropped. The ethyl prices have remained stable.

"CUT RATE" gas stations now claim the lowest prices with their 28.9 cents. Most other companies are keeping prices at 29.9 cents.

First reports of the war came as a few stations in the Oakland area dropped to 30 cents per gallon of regular. The Pleasant Hill station is reported to have dropped the one-tenth of a cent to attract the commuters, who were purchasing their gas in Oakland.

When the other stations followed suit, the Oakland stations also dropped to the 28.9 and 28.9 cent price ranges. One Oakland station is retailing gas for 26 cents per gallon.

EVEN THOUGH the prices have been cut, there is a nine cent tax on every gallon purchased.

"This war might really see the bottom fall out of the gas market this time around," commented one operator.

In a lighter vein, another operator said, "Seems to me the people would be happy about the lower prices,but one guy gripped that he wasn't getting as many trading stamps with each purchase now."

Dual-Core Plan Suggested For Orinda School

A recommendation that a suitable form of the "dual-core" program be planned for eighth graders in Orinda highlighted the report last night of the parents curriculum committee at a special meeting on "Specialized vs. Single-Teacher Classes."

Last night's meeting was planned by the curriculum committee in response to parents' requests since the commmittee's December meeting on the same subject.

The school's position favoring a "single core" was explained by Philip Lambert, Orinda curriculum director.

In introducing the curriculum committee's report the chairman, Mrs. F. C. Newman, explained that the recommendation was based on extended discussion with teachers, parents and administrators, studies of articles and books, and classroom observation.

The committee report, presented by Mrs. Louis Ambler, described the dual-core program as dividing the academic subjects for each class into two major fields, each to be taught by a separate teacher.

During the day each class would thus be exposed to two teachers for academic work instead of one as in the present schedule.

The parents curriculum committee, with representatives from each of Orinda's elementary schools, was formed a year ago to work with Orinda school administrators in maintaining high curriculum standards.

At its next regular monthly meeting to be held Wednesday, March 27, members plan to begin a study of how best to teach Orinda's gifted children.

Citizens File Suit Against Two County Transit District

Five taxpayers filed suit against the Alameda-Contra Costa Transit District Monday afternoon in the County Clerk's office.

In the suit, these taxpayers, "acting in behalf of all others similarly situated" claim that the formation of the district is invalid and ask that the election of last November 6 be declared null and void.

The suit also asks that the directors, who were elected at the time the district was formed, be enjoined from transacting any further business or levying taxes.

The suit was prepared by law firms of Contra Costa who donated their services to the Contra Costa Transit Council, a body formed for the sole purpose of fighting the two-county transit district.

The plaintiffs argue in the complaint that:

1. The division of the five wards in the two-county district was "arbitrary, whimsical and capricious" and was done by the Alameda County board of supervisors "with intent . . . of denying residents of Contra Costa County fair representation" on the seven-man board of transit directors. (The county is represented by only one).

2. The certification of the election's result, to the Secretary of State by the Alameda supervisors was false due to ballot canvass irregularities.

3. That the term "parcel", in the district enabling legislation was unclear in meaning as to which areas might have voted themselves out of thhe district on November 6.

4. **THAT THE CANVASS** in the cities involved was erroneous because absentee ballots were lumped in with those from surrounding unincorporated areas, hence obscuring the outcome of the election in hotly-contested cities such as Richmond—where the city's absentee ballots could have swung the election one way or the other.

5. That the Alameda supervisors "arbitrarily and capiriously" fixed the boundaries of the proposed portion of the transit district in Contra Costa County along th lines of a flood control watershed rather than relating the bounds to transit facilities. Also claimed was that the supervisors erred in including east-county heavy industrial areas.

6. That each of the five suing citizens lives in an area which would have been excluded under the "parcel" or city rule had the ballots been canvassed properly.

7. **THAT THE** plaintiffs were denied their constitutional rights under the Fourteenth Amendment and under state law, to a proper canvass of the election.

The suit was filed two days prior to the termination of the 90 day period required by the code of limitations, according to Harry Morrison of the Taxpayers Association and chairman of the Contra Costa Council.

The plaintiffs are C. C. Cowell, of Richmond; Joseph Wisher, of San Pablo; Lloyd C. Edwards, of Crockett; Frank Joseph, of Rodeo, and Philip Bancroft Jr., of Walnut Creek.

CLAIR W. MacLEOD, chairman of the district's board of directors, called the suit "extremely weak and it is apparently a case of sour grapes."

The final decision of whether or not the suit will find its way into superior court lies in the hands of the Attorney General.

The transit district will have 15 days in which to file its answer to the transit council of Contra Costa County.

BOTH BRIEFS will be studied by the Attorney General and he will decide whether or not the suit is in the public's interest. If he does find the case in the public's interest, he will be a plaintiff.

Attorneys for the transit council are Tinning and DeLap of Richmond; Carlson, Collins, Gordon and Bold of Martinez; and Condon, Dolgin and Page of Martinez.

Nibs Price Joins Orinda Realtor

The famed Clarence "Nibs" Price, one of the most beloved figures in the University of California sports history, has joined the staff of Boies and Soule Realtors at 24 Bryant Way, Orinda.

Price is possessor of one of the most colorful historys in the realm of collegiate sports.

A graduate of the Class of 1914 from UC, he returned to his alma mater in 1919 as general freshman coach.

His immediate success in that position led to his being selected as assistant coach to the famed Andy Smith, mentor of the California "Wonder Team" of gridiron glory.

"NIBS" was the automatic choice to succeed Smith at the latter's demise in 1925. He coached Cal footballers until 1931.

Price's eleven went to the Rose Bowl in January, 1929. It was during that New Year's Day contest that the unfortunately notorious Roy Riegel lugged the leather 80-plus yards for a touchdown — the wrong way!

In 1925, Price was named head basketball coach at UC. He remained in this capacity for 30 seasons, compiling a coaching record that glows brightly in sports record books.

Beginning with the last two games his court team played in Price's first season as coach, the California basketballers rolled victorious through 29 consecutive games. It was 1928 before they suffered a defeat on the court.

IN HIS FIRST season as court coach, Price brought to his school a Pacific Coast Conference championship. It is no wonder they never replaced him in that job until he voluntarily retired in 1955.

Since his active retirement, Price has served as an invaluable scout and assistant backfield coach to Lynn "Pappy" Waldorf's football squad.

At his new post since March 1, Price is a salesman and representative for the property management department of Boies and Soule.

He has joined a staff of salesmen at the realty office all of whom are fellow graduates from the University of California.

Baubles, bangles, beads and balloons!

ALADDIN RUBBED HIS MAGIC LAMP last Saturday night, and Presto! Diablo Country Club was decorated wall-to-wall w/ some six hundred suburban couples enjoying the Mothers' Club benefit for the school libraries.

The Arabian Nights theme brought out mid-season satins and silks set off by sparkling stones, and from more than a few little earlobes dangled the biggest brightest baubles ever seen at such dressy functions!

OUR OWN PERSONAL GENIE jotted down items, noting that mid-evening, the Vern Hudelsons and the Howard Gardiners were ON DUTY at the door, the women chicly-veiled, taking tickets — the men, shiekly-turbaned, ushering guests into the warmth of the lobby where groups awaited the arrival of friends before passing through the pink, silver and cerise marquis to dancing and table-talk in the dining room . . . Dance Chrmm. Vi Caldwell, matching the decor of pink balloons and silver pampas grass, in a pretty pink dress trimmed w/silver braid.

The Jim Reads arriving from a leisurely country club dinner, well-deserved, after an afternoon of decorating Diablo's interior w/the William Scatenas . . . The Ted Schillings and Merrill Olsens, in a crowd that potlucked early at the John Ogdens, hailing the Jim Davisons and Elbert Waynes just arrived from a similar supper gathering at the Albion Harmons.

FASHIONS IN THE FOYER . . . Natalie Williams, an orchid on her vivid green satin gown, chatting w/Jean Dexter . . . A frock of tiered ruffled eyelet embroidery, white graduating to gray tones, on Bertha Markstein . . . Brilliants on the shoes of both Fran Yedidia, hers a red satin sheath, and Pat Dildine, SHE in shamrock green.

Consolation prize for losers of Continent trip

THE TALL MEN easy to spot in the crush . . . TALLEST Tom Pauli and his wife Flo arriving w/the Jack Molesworths from an early gathering at the home of Portia and Howard Dauphinee . . . More high heads . . . John Van Dyne w/Nancy, the Earl Goldsmiths, Don DeWitt, Frank Kenny, Channing Kilburn, George Talbot, Don Hutchinson.

Doris Fernsten in powder-blue jersey, doing a brisk business w/a pail of raffle tickets as was June Thaman whose hubby Bob was the surprised winner of the World Atlas later in the eve . . . The Thamans recently missed out on a trip around the world by placing third (for a portable radio) instead of first (for a quick fly around the globe) in a local contest, so this consolation prize will at least see them through some arm-chair travel.

THE BIG PRIZE winner of the World Globe, Bob Lester, w/Jane, very elated since they have 3 young boys. THEY came w/the Fil Dorlands, Dick Bottjers, Don Woodcocks and newcomers to Altarinda, the Alan McDowells.

The Keith Zarkers and Bob and Vaunceil Johnson coming in w/the Clint Coopers and Jack Fords from an early potluck at the Cooper's on LaVenida . . . Occupying a long table with THEM, the Chuck Hansens, Jim Maddens, Kathryn and George Lenahan, the Don Mitchells.

Popular Potluck parties beforehand, the Sandy Borries, Jimmy Dupuis.

MORE GENIE JOTTINGS . . . the Clair Hardings and Bob Roths sharing the red sofa . . . Around an improvised table, for lack of any others left, the Hollis Jones, George Ciapuscis, and Bud Loughmans . . . The Joe Zablockis (How NEW his "crew"!) and the Bob Lymans w/the Paul Handlerys, Jack Wallings and Bud Coursons from an early partying at the Robert Pridemores . . . The Herb Johnsons and Hugh Riegers.

Another table group incl. three MC presidents, past and present . . . the Vern Axelsons, Cole Huntleys, Charles Ericksons. It just happened that way. And nearby, another past prexy, Fran Sutliffe w/Miles, conversing animatedly w/the Ed Bargens, June and Bud Kocher . . . The Lawrence Harpers in a group. Ditto the Del Thompsons.

Their native craft nearly capsized!

The Nels Hambergs, there w/the George Merriams, being WELCOMED home from their Hawaiian Holiday . . . They MISSED the Tidal Wave but had a sea-scape of their own when a catamaran craft they were sailing almost capsized in windswept waters.

Jane Baker's medic husband Ed being paged for an emergency call mid-eve . . . The pair planning a Honolulu sojourn too, in April, WITHOUT those untimely calls . . . Glimpsed, the Cootie Thompsons, Leonard Roths, Jack Clarks, George Dodges.

ON THE MAGIC CARPET Dance Floor . . . The Boone Robinsons requesting a tune and Dick Dildine obliging . . . The Norm Parkers and Spike Spittlers changing partners for a dance. Madeline and Cliff Benpamin intermission-talking w/the Chuck Curriers . . . The Ward Huntingtons, SHE in bouffant black net, introducing HIS brother visiting from the southland.

AND then our eerie emanuensis, the Genie, disappeared in a cloud of smoke. Vanished completely as the strains of the last dance faded. We probably won't see him again until he appears in a brand new shiny book on the school library bookshelves along w/all the other wonderful reading material your tickets will buy for our young bookworms.

THE CATERED AFFAIR . . . the "Bon Voyage" buffet party tossed by Georgette and Frank Walker last Friday night for a score of friends at their Van Ripper Lane residence. The pair, occupied w/last-minute packing, missed the dance Sat. night, flying off Sunday morning for an ISLANDS vacation.

The Young Republicans scored another successful Champagne conclave Friday night last at the Orinda WILLOWS . . . some of those staying on for dinner, the Walt Ruedrichs and the Jim Moriaritys . . . Dorothy and Doug Adie joining Jim and Bettes Lindsey.

SIDEWALK SUPERINTENDENT . . . It's worth a peek, over the wknd. through the windows at the interior of RHINEHART'S new restaurant due to open Monday morn . . . scalloped brass, mellow brick, spacious booths, and VERY tasteful!

The facade of the new Orinda Drugs building, in case you care, is KAIBAB rock from Arizona!

Bodels Trying for 4th National Skating Title

When the National Figure Skating Championships opened in Berkeley at Iceland Arena last night, two Orindans who are known throughout the world of winter sports made their bid for a fourth national figure skating championship.

What will happen to Edward and Carmel Bodel of 70 Encinal Road, Orinda, won't be told until the competition is ended tomorrow night.

This talented pair, husband and wife, will be competing in the gold dance division of the national tourney for the twelfth time. They began their career as a team in 1945, and as a married couple in 1949.

THAT YEAR, skating together as a gold dance team for the first time, they captured the Pacific Coast championship after only two months practice.

Since then the Bodels have gone on to become the national champions in 1951, 1954 and 1955.

Their form and techniques have also carried them to four North American Figure Skating Championships, in 1951, 1952, 1955 and 1956.

They have represented the United States for eight consecutive years, since 1950, in the world's championship contest for dancing.

SINCE THEY entered the world championships, Carmel and Ed have skated for the U.S. team in London, Milan, Paris, Davos, Oslo, Vienna, Garmisch-Partenkichen, and two weeks ago at Colorado Springs.

They have never placed better than third in the world championships, but there may be good reason for that.

The Bodels skate for the sheer love of the sport only. They do it in their spare time and use their own funds to finance their trips to Europe and Canada.

Their competitors from Europe, however, are usually subsidized by their governments. This gives the European teams a distinct advantage over the American pair, who are helped financially only slightly by the U.S. Figure Skating Association whenever they skate as national champions.

ON FIVE occasions the Bodels entered the world's championships completely unaided, under their own colors and bank roll. They had been invited to compete, but no one offered to help defray the expenses of the trip.

Their love of skating, however, took them to the contests. They have had to forego many things, from keeping a pair of cats to building a home in Orinda, in order to keep competing in figure skating.

They have also foregone skating in west coast meets, but for an entirely different reason. They simply "want to give the younger kids a chance at these local competitions.

The Bodels feel their continued presence at west coast meets might discourage young skaters who wouldn't want to enter a meet whose outcome was more or less assured.

"We're in this for the love of the sport," said Ed Bodel. We have never intended to turn professional. And someday, when we retire from active competition, we'd like to judge meets. We'd like to put something back into skating that way, because skating has been so good to us."

ED IS A CIVIL engineer for a contracting firm in Oakland, and Carmel works as a secretary at Durkee's Famous Foods in Berkeley.

Their employers have been understanding to the Bodels, offering them their vacations in the winter time so that the pair could continue in competition throughout the world.

Ed and Carmel met, believe it or not, at an ice rink.

Good Grades Mean Honor Roll for Local

David Barrows, senior political science major from Orinda, was placed on the honor roll for B or better marks during the fall semester at Willamette University.

A Mary Collins scholar, Barrows is affiliated with Beta Theta Pi and has served as sergeant-at-arms of his class. He is the son of T. N. Barrows, 59 Southwood Drive, Orinda.

FIRST CERTIFICATE in Real Estate to be issued to a member of the Contra Costa Real Estate Board was presented Monday to Ted Barcelon (right), Lafayette realtor, at the Real Estate Mart breakfast at El Nido Rancho, Lafayette. Congratulating him were Duncan B. Campbell (left), assistant head, University of California Business Administration Extension Division (Real Estate), and Wayne Bailey, executive secretary, Contra Costa Real Estate Board. The certificate is awarded upon completion of a minimum of eight courses in the field of real estate, conducted by University Extension of U.C.

Barcelon Gets UC Certificate

Ted Barcelon, Lafayette realtor, was presnted Monday with the first Certificate in Real Estate to be issued to a member of Board by the University Extension, University of California.

The presentation occurred at the weekly Monday morning Contra Costa Real Estate Mart breakfast at El Nido Rancho, Lafayette. It was made by Duncan B. Campbell, assistant head, UC Business Administation Extension (Real Estate Division).

The statewide continuing education program for real estate salesmen and brokers leading to a Certificate in Real Estate is conducted by the University Extension, in cooperation with the California State Division of Real Estate and the California Real Estate Association, and requires completion of a minimum of eight courses in the field of real estate.

Models Told For Crestview Fashion Show

Models for the Rosy Future fashion show luncheon have been announced by general chairman Mrs. Jack Pardee with Mrs. Glenn Hixson in charge of the models.

Women from women's clubs throughout Contra Costa County have been chosen to display the latest in spring and summer fashions at this March 23 fashion show given by the combined memberships of the Crest View Women's Club and the Crest View Junios.

The setting for this event wil be the Castlewood Country Club. Fashions will be from the Bonnie Warren Shops and the Expectation Shops with co-ordinated interiors by John Wheatman of Jacksons. Commentary will be given by Mrs. Gus Nieman with a musical background provided by Mrs. Phillip Dirks.

The models will be as follows Danville Juniors, Mesdames Albert Morgan, R. W. Kroll and Richard Jacka; Walnut Creek Juniors, Mesdames Donald Oliver, Robert Curtis.

Lafayette, Mesdames George Yorg, E. C. Williams; Mt. Diablo Juniors, Mesdames Philip Rice, Dewey Huggard.

Crest View Seniors, Mesdames Kenneth Butterfield, Howard Dildine; Crest View Juniors, Mesdames William Peck, Glenn Hixson, Gilbert Lazzareschi, and Frank Pierce.

Also modeling will be Miss Gerry Warren and Mrs. Paul Goodbread of the Berkeley Women's City Club.

Proceeds from this event will be divided between the Lynn School for Retarded Children in Danville and the Crest View Loan Closet of hospital and sick room equipment.

San Ramon Valley Trustee Resigns Post

Two recent filings by school board candidates and a resignation by a third person were announced today by County Superintendent B. O. Wilson.

Lloyd A. Miller of 100 Russell Drive, Antioch, has filed for the Antioch-Live Oak Unified board, on which the term of Blair Spires is expiring.

Howard Wiedemann is a candidate in the May 17 election to succeed himself on the San Ramon Elementary board.

Filing closes April 17.

Wilson said he has received the resignation of Gordon Ball, Danville contractor, from the governing board of San Ramon Valley Union High School District.

Ball gave increasing business responsibilities as his reason for withdrawing from the school office.

College Students Strike Over Cafeteria Dinners

Some 250 students at St. Mary's College in Moraga stayed away from the evening meal in the school cafeteria Monday night in a "strike" sponsored by the student body executive council.

The scheduled meal featured roast beef, soup, salad, potatoes, edssert and coffee or milk. Two students showed up to eat it.

This left the servers standing around in some confusion, not to mention certain offocials of the college.

Denny Garrehy, public relations director for the school, said the incident was "hard to understand. Our food is very good. We buy the best of everything."

August Zipse, the college business manager, admitted, "Of course, we can't compete with mother's cooking; but I don't think ti is too much of a problem."

Zipse's remark seemed prophetic the next morning, because the errant eaters showed up as usual for breakfast on Tuesday.

According to a student spokesman, the rebellion was in protest over the lavk of variety in the dinners served at the cafeteria.

Some of the students defended the food, but stayed away from the Monday evening meal to comply with their college brothers' "sanctions."

Student leaders met with college president Brother S. Albert on Tuesday morning to discuss the issues.

The results of that meeting seem to be satisfactory to all concerned. The students have made no further protests, and the college cafeteria has made no changes in its menus or methods.

Boys will not only be boys, they will also be hungry.

Bank Purchases $1 Million Block Of Sewer Bonds

Directors of the Central Contra Costa Sanitary District at their recent meeting announced the sale of $1 million in bonds.

The bonds sold are the first block of an $8,900,00 bond issue voted to the district last August.

The successful bidder was Bank of American and associates. They offered an average interest rate of four per cent.

SALE OF THE BONDS will be used to finance improvements of the distribution plant on Arnold Road near Pacheco.

Officials of the sanitary district stated that the total cost of these improvements will approximate $1,186,000.

The work done, however, will double the present capacity of the sewage plant, according to district officials.

Bids for construction work have been called for April 18.

MEMBERS of the board also awarded a contract for $189,231.21 to the M.G.M. Construction Company for the relocation of sewer lines in the area of the new Walnut Creek Bypass Highway.

In other action at the meeting, the directors voted to turn down a request by Ken Richardson, Walnut Creek real estate broker, for a loan of $40,000. The loan was to have provided for financing of the sanitary district's old office building on Mt. Diablo Boulevard.

The negative vote came after John A. Nejedly, district counsel, raised questions as to the security of the property.

Before closing the meeting, the board authorized the purchase of landscaping materials for their office building. The cost of the materials is about $2000, and work on the landscaping will be done by district personnel.

Douglas Young Weds Joan Barcus

Douglas D. Young, 20-year-oldson of Mr. and Mrs. Walt F. Young of 3373 Las Huertas Road in Lafayette, was married last Saturday, capping a four year romance.

The bride is the former Joan Mildred Barcus, daughter of Mr. and Mrs. Clyde Barcus of Richmond.

The nuptials took place at the First Baptist Church in Berkeley. Over 150 guests were in attendance for the ceremony and the reception which followed at the church.

Alternative to New Subdivision Rules Offered

A compromise which would eliminate a proposed requirement that the sale of a piece of land creating two parcels be submitted to the County Planning Commission, has been prepared by area real estate boards, title companies and the Civil Engineers Association.

William Anderson, chairman of the Public Affairs Committee, Contra Costa Real Estate Board, sent a letter to Thomas Heaton, director of planning for the county, last week.

The suggestions by his group would make the division of land into three or four parcels a step which must be reviewed by the county.

FILING of tentative maps should be accomplished, and definate standards set up, as is now the case with division into five lots or more, he said.

In the case of the two-lot transactions, more effective control in the issuance of building permits should be exercised, but the conveyance of land should not be fettered with county regulations, he added.

Anderson said, "It would probably be advisable to require the applicant for a building permit to file a plot of the building site showing contours within a reasonable distance of the structure with the corners of the property in evidence on the ground, and if not, require a survey."

In the case of a simple conveyance, Anderson continued, "A second application within one year of the original application for an additional parcel from the same original land should place that division and all future divisions under the classification, "Minor Division of Land."

THE RULES of that classification will then apply he said.

That includes conformance to certain drainage requirements, and minimum rights of way for accessibility to county roads.

The original suggestions that the subdivision requirements should apply to two-lot divisions and more have been compiled in an amendment to Subdivision Ordinance 820.

It was reviewed and discussed by a special committee of interested persons in Martinez last week.

Safeway Given Defense Award

Safeway Stores, Inc., has been presented with a Department of Defense Reserve award in recognition of its outstanding record of cooperation with the reserve program of the Armed Forces.

A citation certificate and pennant was recently presented to Safeway by Brigadier General Rollin B. Moore Jr. of Orinda, commander of the 144th Fighter Interceptor Wing, California Air National Guard.

The ceremony was held at the firm's national headquarters in Oakland, and was attended by Mayor Clifford E. Rishell of Oakland.

State Board Votes New Study of Textbooks

A special committee will study all aspects of the controversial school textbook program, according to a decision of the California Board of Education last week.

This committee, composed of legislators, board members and heads of the state education and finance department, was established by an 11-1 vote of the board and was hailed by Assemblyman Donald Doyle of Lafayette as a "real step forward."

Doyle, who headed a committee which investigated the textbook program last fall, said, "No doubt the board feels as the committee has felt—that the textbook system certainly should be looked into."

Meanwhile, a University of California report noted that California's "single adoption" textbook plan produces a two to four-year lag in getting books to elementary school students.

Under the California system, the state chooses one basic text for each study course, leases the plates from the publisher, and prints the books at the state printing plant for distribution to the schools.

The report polled 79 publishers on the type of textbook system favored by them. Eighty-two per cent favored multiple adoption of two or more texts. None favored the present single adoption plan.

The University of California report also showed a saving to the taxpayer of one-third the cost of new textbooks due to printing them in the state office at Sacramento. However, this saving was only a little more than one per cent of the over-all school costs, the report noted.

According to the U.C. survey, the crucial question for educators is whether or not the best books in the country are available to California school children under the state printing system,

"The time period involved in the textbook adoption schedule in its entirety, that is, from the decision to call for bids to the distribution of books, is about four years," the report said.

State offiicals have said that textbook production fills the gap from the state printing plant when the Legislature is not in session and justifies keeping a sizeable plant and working force.

To maintain the value of its research, the report claimed to purposely avoid "definite recommendations on controversial subjects" concerning the textbook system.

Commuters Told Of Additional Bus Schedule

Individual notices were handed out to all San Francisco commuters last Friday afternoon by Greyhound Supervisor Johnny Keefe at Essex and Folsom Streets in San Francisco.

The notice stated that an additional schedule was to be operated Monday through Friday from Walnut Creek at 6:54 a.m. and arriving in San Francisco at 8:07 a.m.

IN ADDITION, the notice listed all commute schedules to San Francisco and indicated the stations of origin, Concord or Walnut Creek.

Commuter Association president Richard F. Tiedeman expressed his appreciation on behalf of the association for this action by Greyhound Lines.

HE COMMENTED that this is the first time in almost five years that public notice has been received in advance of contemplated schedule changes and, in addition, that this is the first accurate public notice of commute schedules given to the public in that same time.

For the past few years there has been no public list of commute schedules, he said.

At the meeting of the Commuters Association Board of Directors at Acalanes High School Tuesday evening, it was agreed that proper appreciation would be expressed to Greyhound for the advance notices.

Dons Producing Hit Musical Show Diablo Vista, PHE

Acalanes students will present "Brigadoon," one of Broadway's most successful musicals in the Acalanes gym, 8 p.m., March 28 and 29.

Written by the team of Lerner and Loewe, whose current success, "My Fair Lady," is drawing capacity crowds in New York, "Brigadoon" is the story of two Americans who are lost in the Scottish Highlands. The two adventurers stumble on a lost Scottish village which comes to life only one day in every 200 years.

The situation creates a format for the presentation of such popular hits as "Waitin' for My Dearie," "Almost Like Being in Love" and "The Heather on the Hill."

The Acalanes cast features Ernest Fox, Ed Butler, James Donham, Jo Ann Musante, William Blythe, Steven Ames, Jerry Gillivan, Leah Mary Wells, Diana Lee Nielson, Jon Woolridge, Kirk Barnette, Jeannette Smith, William Ward, James Gentry, Paul Athanson, Glen Christiansen, Kathy Wilson, Betty Clark, Grace Corse and Judy Howes.

A supporting cast of 30 players and the Acalanes High School orchestra round out the performance which is directed by instructor Richard Hansen.

Tickets at 75 cents for students and $1 for adults may be purchased at the door the night of the performance. The general public is invited.

AUTOMOTIVE SUBSIDIARIES

American automotive subsidiaries in Germany, England and Australia build small cars that bear no resemblance to cars made here, reports the National Automobile Club. This is necessary because roads are narrow and winding, taxes are levied on the power of the car, and the people prefer small cars.

Insurance Man To Speak at Mart Breakfast

John Eagan, vice president of the California Pacific Title Insurance Company, will speak Monday at the breakfast of the Contra Costa Real Estate Board.

His topic will be "Ownership of Property by Husband and Wife."

This week, a panel on the multiple Listing Service will be scheduled, with Bill Hayward, Sunny Read, N. H. Binker, Earle Pierce and Thelma Braly participating. MLS Chairman is Charles Bailey.

Drama Presented At Acalanes High

Acalanes students watched dramatic students of Miss Mona McTaggart present a one-act play, "Flattering Word," during a school assembly Tuesday.

Members of the cast included Steve Pickering, Pat Jackson, Alan Hewitt, Judy Henderson and Grace Corse.

The one-act drama was originally prepared for the first annual Drama Festival held recently by eight Contra Costa high schools.

The Acalanes presentation of "Flattering Word" won a superior rating in festival judging.

Last Friday and Saturday, Acalanes thespians directed by instructor Bert Trulsson presented the three-act play "I Remember Mama" to evening audiences of the general public.

Church Sponsors Choir Concert

The Lafayette Covenant Church will sponsor the Seattle Pacific College Choir Concert in Walnut Creek on Wednesday.

The program will begin at 8 p.m. at the Parkmead Grade School Auditorium. The 45-voice choir will present a program of sacred music and instrumental numbers, under the direction of Robert L. Scandrett.

This group was formed at the Free Methodist Seattle Pacific Christian College in Seattle and is now on tour.

The Lafayette Covenant Women's Association plans a banquet at the church in honor of the choir members at the church before the concert.

Members of the church are opening their homes to lodge the group for the one night they will be here.

No tickets are being sold for the concert, and there is no admission charge.

Arrangements have been made by Miss Evelyn Jacobsen of Pleasant Hill, an alumna of the college.

Buy Your Car from a Local Dealer! He's Dependable!

Mrs. Prospective Car Buyer is regaled every day with what appear to be "good deals" in various car lots, some reputable and some not, throughout the Bay Area.

But the smart buyer knows that buying a new or a used car is somewhat like buying a horse in the old days—you had better deal with a man you can trust if you want to get your money's worth!

He also knows that his local dealer, the man who has been in the area for a number of years, whose family is part of the community and who will be here in future years, is the best man to see about a car.

IT'S SIMPLE—your local new or used car dealer is not going to sacrifice his reputation and community good will for the sake of a sharp deal—his profit and success rather depends on honesty and customer satisfaction over the years.

With that, his name grows as one which can be relied upon, and his sales increase. No sharp deals, only a large number of fair deals make his living.

To buy your car from a local man, one who is a part of your community, is to take advantage of a kind of "built-in insurance," created by a long-standing desire by the car dealer to make his friends happy.

And not only will he give you a better deal than the hit-and-miss operation which is here today and gone tomorrow in and about the big cities, but he will stand behind his product.

HE HAS TO, if he wants people to come back!

That means if anything goes wrong, Mr. Car Buyer will not get the "big-city" shrug.

He'll get help, the kind which will have him singing praises of of Mr. Car Dealer all over town, the kind which will bring new buyers to the local deale's showroom.

Buy Locally! It's your safest bet!

RADIO SETS IN CARS

An estimated 34,000 radio sets were installed in motor vehicles in 1930, as compared with an estimated 5,800,000 sets installed during 1955, reports the National Automobile Club.

Go to Church Sunday

Methodist

The Rev. Philip A. Solbjor, pastor of the Walnut Creek Methodist Church, 1543 Sunnyvale Avenue, will begin a new series of sermons Sunday on "Personalities in the Life of Jesus."

Dutch Girl Is Welcomed In Lafayette

The members of the Lafayette Community Methodist Church welcomed their newest arrival from Holland recently at an informal reception in the church lounge.

Miss Edmay Deykerhoff, a charming and attractive young lady of 22, is a recent resident of Amsterdam. However, Edmay has traveled halfway round the world to eventually come to Lafayette.

As a child, she spent her first 12 years in Djember, which is in Java.

HER FATHER, a Dutch army officer, was stationed there at the time.

Later, Edmay returned to the Dutch homeland to live and she received her education in The Hague.

An interesting sidelight was her comments on education and what was expected in the public schools in Holland. She explained that all students must study foreign languages; in her case, she studied English, German and French. Two years were required, with six or seven hours a week devoted to the language; and four to five of these exclusively to conversation with no Dutch spoken.

EDMAY PLANS to attend college next semester and will try to find employment to support herself and her education.

As to experience, she has worked for the Dutch Railway Company as an information clerk; and she hopes, here, to become a productive citizen.

The bringing of Edmay to the United States was the Methodist Church's project as a member of the World Council of Protestant Churches' relocation of displaced persons.

Chairman of the local church committee was Mrs. Evelyn Janzen, who was assisted by the Rev. Chester Lewis, Lowell Sandemann, Mrs. Ann Westfall and Mrs. Eloise Birch.

Mr. and Mrs. Frank Westfall have made their home at 918 Hough Avenue, Lafayette, a home for Edmay as long as she desires, and state that she is just like having a new daughter.

Here's What an Old Tar Does on His Holiday!!

By ESTELLE GIRANDE

Talk about a busman's holiday . . . what does an old tar do when he is beached? Why return to water, naturally. However, one would think an outboard motor boat hardly exciting after being in the thick of things for almost 20 years.

A trip around the world on a transport; and wherever history was being written during World War II and Korea, chief machinist mate James Shinn was there.

At his home on Cleopatra Drive in Pleasant Hill, Shinn and his attractive wife, Irene, are busily repairing the recently damaged outboard motor boat for spring trips. He originally bought the 14-foot unfinished boat, and spent his free time putting a glass cloth covered with resin coating on the outside. He's painted and repainted it and made it seaworthy.

THEY'VE USED IT for successful duck hunting at Fairfield and Sacramento, and are eating their catch from the freezer even now. Last summer they spent much time fishing in Shasta, Clear Lake, Antioch and Rio Vista.

After 20 years and 27 days, according to Shinn's count, he retired from the United States Navy July 1.

"I highly recommend the Navy for young people," he said. "They get a wonderful education on any ship. Folks don't realize just what and how much goes into running a ship. A ship when it leaves a dock, is a city in itself."

"YOU HAVE TO make your own water, your own electricity, just about everything. As a result, the men learn any trade for which they have an aptitude or choose. This includes navigation, electronics, engineering of any type, accounting, baking and cooking, mechanics, barbering, storekeeping, etc."

He recalled, "When I shipped out on the USS J. C. Breckenridge, we carried a total of 7,000 persons — crew and passengers—on board. It was a transport carrying troops and dependents to Guam, Korea, Japan, Formosa and Okinawa. We stowed enough food for 30 days at least, and every member of the crew had a specific job. It was the equivalent of running a city with a population of 7,000 residents. We had the same problems of food, shelter, utilities, trades, services and so on."

The initial 14 years in the Navy Shinn found a wonderful experience. "They couldnt' run me out of the Navy in those days — I just loved it. Once I married Irene, however, that was something else again, and made a terrific difference. Then I wanted to be ashore and at home with my wife."

"Besides," he pointed out, "the first few times you hit places like Shanghai, Hong Kong and Singapore they sound romantic and are interesting to visit. But by the time you have arrived for the third or fourth time, it's just like any other lonely place, and soon becomes monotonous."

TODAY HE IS content with his retirement and thinks it is "wonderful to be home and not have to worry about being shipped out again."

He is employed at the Naval Supply Center in Oakland. His wife was employed there since 1948, but left in October for maternity leave, and is taking care of their first child, Jay B., born last November.

He enlisted in the Navy at the age of 17. It was that first time that he decided California was the place he wanted to settle, as soon as possible. In 1945 he married the former Irene Silvers of Eaton, Ohio. They met and married in Jacksonville, Florida, and came to California in 1947.

During World War II he was with the 8th Amphibious Force in the Mediterranean area from 1942 to 1945. The threatres included Casablanca at the time of the invasion of North Africa; in Tunisia, when Rommel's defeated army was routed and the Germans were trying to pull the remnants of their forces out of Bizert. At Sicily he participated in the second front landing on D-Day. At Anzio and Netano, Italy, he remained during the continuation of the invasion of the Allied Forces.

During the Korean episode he was stationed aboard a transport. In 1950, he made a complete trip around the world on the USS General William Mitchell, also a transport.

THE LAST TWO years of duty, he was with the USS J. C. Breckenridge, until the winter of 1955 when he was hospitalized for an old back injury, just prior to his retirement.

"Now it is family life, gardening, huntinf, fishing and boating for me," Shinn said. Mrs. Shinn just sat quietly listening during the interview and smiled understandingly, while Jay B. cooed contentedly.

"If my son wants to join the Navy when he is 17, I guess he'd have our O.K. As I said, it's wonderful when you are young and unattached. And possibly like his father, I guess he'll want to be home with his wife and children when he's ready to retire, too."

"But you can't take experiences away from anyone. They have to live it for themselves," he said philosophically.

WHAT DOES A SAILOR do after leaving the sea? — Why, get a boat and go fishing of course. David Shinn of Pleasant Hill served over 20 years in the U.S. Navy and now spends his time in his boat fishing. He urges young men of the area to enter the navy for some good, sound training. —Sun photo by Elizabeth vander Mark

Mrs. Reinhart Wins Divorce, Custody of 3

Mrs. Ruth Reinhart of 104 Brookside Road, Orinda, was awarded custody of her husband's three children as part of a divorce settlement granted last Friday.

Mrs. Reinhart has adopted the three daughters of Arthur S. Reinhart's previous marriage. The girls are 20, 16 and 6 years old. Their mother is deceased.

In addition, Judge Homer W. Patterson awarded $100 weekly support of the children, the Orinda house and its furnishings, and an automobile to Mrs. Reinhart, who waived a claim for alimony.

Reinhart is personnel manager of a Richmond aircraft plant.

Orinda 4-H'er's Tea....62

The Orinda 4-Her's will hold their annual Mother-Daughter tea tomorrow at the home of Mrs. Rudy Monosmith, 70 Sleepy Hollow Lane, Orinda.

St. Patrick's Day will be the theme of the tea.

The girls will prepare the luncheon for their mothers, exhibit various projects, and give demonstrations in cooking, sewing and grooming.

Members of the group include Judy Henderson, Judi Baker, Judy Hopkins, Joan Haefele, Linda Hart, Sylvia Howes, Alice Monosmith, Karen Green, Carolyn Cook and Barbara Davis.

Orinda Chemist Does Scientific Analysis

A local chemist working for Shell Development Company has co-authored a survey published recently by Interscience Publishers.

Andor G. Polgar of 325 Glorietta Boulevard, Orinda, in conjunction with J. L. Jungnickel of El Cerrito, has written a 184-page study on "Determination of Olefinic Unsaturation" for Volume 3 of a new series on "Organic Analysis."

The two chemists worked on a subject which has never before been treated adequately, consolidating curren knowledge on the subject and presenting a critical evaluation of the many methods used for analysis of unsaturated compounds.

Ed Mjolsnes Likes the Army

Curious to know how their 17-year-old son Edward was getting along in the Army, Mr. and Mrs. Leonard Mjolsnes of 224 Camino Sobrante drove from Orinda to Fort Ord near Monterey on a recent Sunday morning and were pleased with what they found.

Barracks for approximately one thousand 17 and 18-year-olds are surrounded by shrubs and well-groomed lawns, with 40 recruits in each building, 20 on a floor. Supervision is firm but kindly through a day that starts at 5:15 and ends at 9:15, with the day's schedule so busy that the early sack-time is more than welcome.

Religous services for all denominations are held in the regimental chapels. In fact, when the Mjolsneses found Ed he was attending the Lutheran communion service.

FORT ORD is the training center for all enlistees west of the Mississippi who have joined the Army under the Reserve Forces Act of 1955, which enables young men between the ages of 17 and 18½ to complete their active military service in six months instead of the customary two years.

Tests for aptitude, interest and scholastic ability have been planned to help the enlistee select his preferred field, not only in mimitary but also civilian life.

After eight weeks' basic training and adequate test results, the recruit may go on to Officers' Training School, if he desires.

ED MJOLSNES WILL take the officers' training, if arrangements can be made allowing him to enter Midland College two weeks late.

Ed attended summer session at Berkeley High School so that he could finish Acalanes in mid-year, complete his military obligation and start Midland College at Fremont, Neb. in the fall. He will study mechanical engineering.

Last September, Ed contacted Capt. Kenneth K. Renwick of 10 Bobolink Road, Orinda, and joined Capt. Henwick's Headquarters and Headquarters Battery of the Army Reserve 916th Field Artillery Battalion.

WEEKLY MEETINGS at the Oakland Army Terminal helped as preparation for active duty. Ed has a pride in his field artillery background and has asked for the 916th insignia patches, the fir tree, to wear on all his uniforms while doing his six-months' stint.

The elder Mjolsnes' only disappointment came when Ed terminated their visit at 2 o'clock with, "We've got a cleanup job to do in the barracks, and the others will have to do my share if I don't get back."

They had expected to stay longer, but somehow his attitude gave them a real sense of satisfaction, too.

Local Women Help Ready Fashion Show

Mrs. William Chew and Mrs. Jack Fraser of Orinda are on the arrangements committee for the forthcoming fashion show and luncheon of Pi Beta Phi.

The event will be held April 9 at the Pi Beta Phi chapter house, starting at 1 p.m.

Nothing Like a Swim in Your Own Pool

They're Needed For Cleaning

Here are essentials for swimming pool cleaning equipment:
1. Vacuum cleaner.
2. Wall and floor brush.
3. Leaf skimmer.
4. Magnet.

Tolls on the San Francisco-Oakland Bay Bridge for passenger cars started at 65 cents. Later they were reduced to 50, 40, 35, 30 and 25 cents. The reduction to 25 cents was made in 1940.

Filter Essential for a Good Pool

The filter is one of the basic requisites of a good swimming pool, and the filter system must also include the pump and motor and the pool recirculating piping.

Briefly, a rapid-sand filter is a tank containing several layers of graded rock supporting a thick bed of special filter sand.

In the filtering prosess, the pool water is pumped down through this sand bed, thence as filtered water back into the pool.

For a private pool, the filter should be of sufficient capacity to recirculate the pool water content in 16 hours or less.

HOWEVER, FILTRATION cannot be accomplished simply by forcing a lot of water through a too-small filter at a faster rate; thus the gallonage of a pool may require a one-tank filter or several tanks.

In a rapid-sand filter the perfect filter rate is 3 gallons with an allowable maximum of 4½ gallons per minute per square foot of filter bed area.

At a rate faster than this, much of the dirst will be forced through the sand bed and back into the pool — obviously not filtration.

WHEN THE FILTER traps enough dirt, it must be backwashed, which is accomplished by reversing the flow of water up through the tank, thus cleansing the sand bed of accumulated dirt.

This process requires 12 gallons to a minimum of 10 gallons per minute per square foot of filter bed area.

A lesser flow will soon result in an inoperative filter requiring expensive repairs.

Fish Hobbyists See Underwater Film

Diablo Tropical Fish Hobbyists met yesterday at 8 p.m. at the Walnut Creek Recreation Center.

There was a discussion on tank repair, and an underwater film was shown.

A pair of Black Lace Angel Fish were presented to a member.

Refreshments were served. Interested adults and teenagers are welcome at all meetings.

Local Toastmasters Will Vie Tomorrow

Seven Bay Area Toastmasters will vie for top honors during the annual Region "C," District 4, area speach contest tomorrow at the Veterans Memorial Building in Walnut Creek, President John Newstrom of Diablo Toastmasters Club announced today.

Members of Diablo Club 598 of Walnut Creek will host the gathering of more than 150 Toastmasters, their wives and guests, at the annual banquet at 6:30 p.m.

THE SPEAKERS panel consists of the individual club winners of the various clubs of the East Bay. The contest, conducted annually, is the first to be held in Walnut Creek.

All contestants receive a choice of one of three subjects at 8 a.m., the date of the contest. They are limited to seven minute speeches.

Panel speakers representing the various clubs are as follows: Benard Young, Diablo 598, Walnut Creek; William Weil, Walnut Creek Toastmasters; George Sanko, Larinda Club, Lafayette; Sidney Adams, Berkeley-Claremont 57, Berkeley; Al Boynton, P.I.E. Club, Emeryville; Arthur Moore, Berkeley "Y," Berkeley, and Warren Wells, Mira Vista, Richmond.

THE FIRST PLACE winner, in addition to receiving the coveted Area Speakers Cup as Toastmaster of the year, will get to present the large floral centerpiece to his lady guest at the close of the contest.

A panel of 14 judges, headed by their leader "J" Cortes Jr., of Concord, will select a winner and an alternate to represent the East Bay at the district contest in April.

District winners compete in the zone finals and the successful candidate competes for the tops-in-the-nation at the International Convention at Dallas, Texas, in August.

FOLLOWING THE social hour and entertainment, selected Toastmasters from each club will participate in a lively impromptu "table topics" session during the roast beef dinner.

Area Governor Jack Mann of San Leandro will be general chairman. Roger Jernigan of Walnut Creek, and Harvey Tibbals of Berkeley, assistant area governors, acting as Toastmaster of the evening will conduct the program.

Ira Gunn, Walnut Creek city manager and Toastmaster, will serve as the Master Evaluator.

Walnut Creek has, in addition to the Diablo Toastmasters group, the Walnut Creek Toastmasters Club, and a Toastmistress club.

Toastmasters is a non-profit educational organization limited to 30 active members per club devoted to self improvement through the art of public speaking.

Bernard Young Tops Speakers In Close Race

Bernard Young of 2173 Ann Street, Concord, won first place honors in Diablo Toastmasters' public speaking contest at their weekly meeting February 28, at the Las Palmas Hotel.

Competing with four other panelists Young demonstrated outstanding speaking talents to capture club honors in the exceptionally close contest race. He will represent the Diablo group in the Area contests to be held here on March 16.

Runner-up in the hotly contested battle of wits before a capacity gathering of Diablo club members was Hugh Southworth of 331 Monteceillo Drive, Walnut Creek. The balloting of the judges was indicative of a seesaw photo finish as they tabulated their evaluation sheets on the various items the speakers were to develop during the seven minute speeches.

Ben spoke on "Farming and the National Economy," while Hugh's topic was "The Race for Horsepower in the Automible Industry." Speaker panelists received a choice of one of three subjects the night before the contest. The contest was conducted in accordance with Toastmasters International rules.

Ben Young has been active in Toastmastering for two years. He has been an employee of the American Trust Company for 11 years, and is currently the assistant cashier for the Walnut Creek branch. He and his wife, Rosina, reside at the Concord address with son James, eight, and daughter Jeanne, five.

Hugh Southworth is a Chemical Engineer at California Research Corps., Richmond. Hugh and wife, Ardell, have five children: Judy, 11, Eric, nine, Timothy, six, Patricia, five, and Michael, three.

Here Are Basic Factors About Swimming Pools

There are three basic things to look for in a swimming pool. They are:
1. The pool structure.
2. The filter system.
3. The pool interior finish.

PRIMARILY, the success of your swimming pool depends upon these three, for in these three nothing less than the best is good enough.

You can, if you wish, economize on such items as the diving board, ladder or light, and you can do with walks and trim that are not the last word.

Some of these can be omitted or added later, and any of them can be replaced at comparatively small cost.

BUT IF THE POOL structure itself is unsound, if the filter fails to operate properly or if it requires constant repairs, and if the interior finish of the pool is so rough it scrapes the skin on your feet, you are faced with an expensive and often impossible problem.

And you can't trade a poor pool in on a good one!

Christian Science

That the man of God's creating is not at the mercy of accidents, chance or discord of any kind will be emphasized at Christian Science services Sunday.

Christian Science churches in this area are located at 22 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek. The Christian Science Society of Pleasant Hill holds its services at the Hillcrest Congregational Church on Gregory Lane.

Scriptural readings in the Lesson-Sermon on "Substance" will include the account of Paul's healing of Eutychus "who fell down from the third loft, and was taken up dead" (Acts 20:7-12).

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (424:5): "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance to the proper sense of God's unerring direction and thus bring out harmony."

The Golden Text is from Ecclesiastes (3:14): "I know that whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it."

Local Student Promoted by Radio Station

Frank E. Perry of Walnut Creek has been named assistant manager of KHSM student radio station at Saint Mary's College.

Perry conducts his own radio evening show on Tuesdays and noon shows on Mondays and Fridays.

He is the son of Mrs. Rose C. Perry of 1410 Springbrook Road in Walnut Creek. He graduated from Acalanes High School, and is majoring in history at St. Mary's.

THE RHEEM CENTER IRISH QUARTET is rehearsing for its St. Patrick's Day celebration Sunday at Clark's Market, Rheem Center. Left to right are Bob McGuire of Center Hardware, Jack (McCleary) Clark of Clark's Market, Tom Carroll of Carroll's Ranch and Frank Kerrigan of T and D Liquors. This photo will be sent to Ireland, for judging in the contest for prizes for the best Bay Area displays featuring Irish whiskey. Kerrigan, who is submitting this picture in the contest, is a partner in T and D Liquors at Clark's Market.

Two Tips on How To Get a Day Off

Bob Schwedhelm, popular manager of Clark's Market in Rheem Center, finally got himself a day off on a Saturday.

But he did it the hard way.

It all happened last Saturday morning when Bob was slicing cheese from a 5-pound loaf with the power slicer. Suddenly, he discovered that the tips of the thumb and ring finger on his left hand weren't where they should be.

It seems the errant fingertips had followed a piece of cheese through the blade of the slicer.

Bob said it didn't even hurt, and only slight treatment at the office of Dr. Paul A. Slattery was necessary.

However, when offered the balance of the working day off, he didn't hesitate . . . even as you or I.

Rheem Center Irish Quartet To Sing Sunday

St. Patrick's Day will be celebrated Sunday at Clark's Market in Rheem Center with singing, at intervals all during the day, by a sprightly foursome calling itself the Rheem Center Irish Quartet.

The four energetic vocalists are Bob McGuire of Center Hardware, Jack (McCleary) Clark of Clark's Market, Tom Carrol of Carroll's Ranch and Frank Kerrigan of T and D Liquors.

"While on the subject," observed Kerrigan, "I'd like to mention that contest I've entered."

KERRIGAN was referring, not to the vocalizing of the Rheem Center Irish Quartet, but to a contest among retail liquor merchants in the Bay Area.

The Irish Export Promotion Board, in conjunction with the Irish Consulate office in San Francisco, is offering a 15-day, all-expense tour for two via TWA to Ireland as first prize for the best display featuring Irish whiskey.

A second prize offering is a 100-piece set of world famous Waterford cut glass valued at $1000.

COMPETITION IS OPEN to all licensees, off-sale and on-sale, in the San Francisco Bay Area.

Frank Kerrigan is a partner in the T & D Liquors, located in Clark's Market.

The photo shown here will be sent to Ireland, where the judging of the contest will take place. The two end panels are draped with the glowing colors of Ireland's flag, green, white and gold. The center panel has an amusing verse dear to an Irishman's heart.

The lighted canopy below the display of panels and the fine Irish whiskeys so proudly displayed in front is shaded in milky white glass with — of course, emeralt green lettering.

Patrick F. Brady, representing the government of Ireland, has been in the San Francisco Bay Area for the past two months, offering his assistance.

Attend Church Sunday

Episcopal

A celebration of Holy Communion at 8 a.m. and services of Morning Prayer at 9:15 and 11 a.m. will be held on the second Sunday in Lent at St. Stephen's Episcopal Church, 12 Via Las Cruces, Orinda.

The Rev. Albert Lucas, rector, will deliver the sermon at both Morning Prayer services.

Church School will meet during the 9:15 service, and duplicate sessions for kindergarten through third grade will be held during the 11 o'clock service.

Nursery care for pre-school children will be available in the basement of the rectory during the 11 o'clock service only.

At 7:30 p.m. there will be a choral evensong service with a concert by the choir of the Holy Trinity Episcopal Church, Menlo Park.

On Tuesday, the second in the series of Lenten vesper services will be held at 8 p.m. with the Rev. Robert Clingman, rector at St. Paul's Episcopal Church, Oakland, speaking on "The Christian Family."

Services of Holy Communion will be held in mid-week on Wednesday at 10 a.m. and on Thursday at 7 a.m., the latter a special service to be held during Lent for the accommodation of the men in the congregation.

On Friday the Seabury (couples) Club will meet at 6:45 p.m. for dinner and a business meeting at teh home of Mrs. Robert DeWitt, 5 La Vuelta. There will be a charge of $1 per person for the dinner.

The business meeting will include election of officers and a timely Civil Defense film, "Escape Route," will be shown. Those wishing to attend are asked to make reservations by March 20 with their hostess, CL 4-5547.

Catholic

Father John P. Quinn, pastor of St. Perpetua's Catholic Church, Lafayette, announced today that a one week Mission will open in the church Sunday, March 17 and will conclude on Saturday, March 23.

Father Leanler Laner, O.F.M. of the Franciscan Missionary Band, will conduct the exercises of the Mission. He will preach at all the masses on Sunday, March 17 and open the Mission that evening at 8.

During the Mission, masses will be offered each morning at 6:30 and 9. The Mission devotions will take place each evening at 8.

On Thursday afternoon there will be a special service for the blessing of the babies of the parish, and on Friday afternoon a Mission for the school children.

All Catholics and non-Catholics are cordially invited to attend the Mission.

Congregational

The Rev. Chauncey E. Blossom will use as his sermon topic "When You Pray — Be Quiet" on Sunday morning in the Orinda Community Church at 9:30 and 11 o'clock.

The Chancel Choir will sing "Were You There" — spiritual arranged by Burleigh.

Church School for three-year-old through high school age will be held at 9:30; through the 8th grade at the 11 o'clock hour. Nursery care is avaiable at the second service only.

Junior Pilgrim Fellowship will have a movie at their regular meeting at the church at 4 p.m.

High School Choir will meet at 6 p.m.

Mrs. James will conduct the Bible Class Wednesday, followed by the lectures in the Christian Life Series at 7:30 and 8:30 p.m.

All sections of Shipmates will meet together in Fellowship Hall next Friday at 8 p.m. with Doug and Jeanne Watkins as the Skippers.

Lutheran

"Objections to His Companions" will be the sermon theme Sunday at Our Savior's Lutheran Church, 1035 Carol Lane, Lafayette, the Rev. Merle O. Tollefson, pastor.

Services are conducted at 8:15 and 11 a.m., and nursery accommodations are available during the 11 a.m. service.

Sunday School classes meet at 9:30 a.m. for pre-school through Adult Bible Class, and at 11 a.m. for pre-school through grade three.

The Junior Luther League will meet Sunday evening from 7 to 8:30.

Tuesday evening at 8, the Mother's Club will meet at the church. Mrs. Theodore Gulhaugen of North Sacramento will speak on "Christian Nurture."

Wednesday afternoon at 1 o'clock the WMF Home Mission Circle will meet with Mrs. Fred Wagner, 3659 Happy Valley Road, Lafayette. The program will include visitation.

Midweek Lenten services will be conducted at 8 p.m. Wednesday. The pastor's theme will be, "The Night of Youth."

Thursday morning at 10 the Women's Study Group will meet at the church. The Junior Choir and the Junior Confirmation Class will meet Thursday evening at 7, and the Senior Choir at 8.

Friday evening at 8 the Adult Inquiry Class will meet.

The Senior Confirmation Class will meet Saturday borning at 10.

Community

Sunday: Church School and Adult Bible Class, 9:30 a.m. at Lafayette Community Methodist Church; worship services at 9:30 and 11 o'clock.

Rev. Chester R. Lewis will preach, using as his topic: "Jesus and Our Influence."

Wednesday at 8 p.m. Friendship Circle of the Woman's Society of Christian Services will meet at the home of Mrs. Howard Hamilton, 3225 Mildred Lane. They have planned to invite some of our foreign exchange students to speak to the group.

Saturday evening, March 30, the Second-Milers are entertaining at the YMCA, Oakland. All organizations of the church are cordially invited to come out for a good time, also any adult members of the congregation.

This invitation is extended to the Couplers Club members, Woman's Society of Christian Service, Church School Faculty, Choirs, Methodist Youth Fellowship groups and all others interested.

The swimming pool, the game room and dancing will provide a good time for all, and of course, refreshments are an important part of the evening's entertainment.

Presbyterian

The Rev. W. Carl Thomas, pastor of the Lafayette-Orinda Presbyterian Church, will present the third of a series on "Mr. Jones, Meet the Master"—"When Religion Fights God"—on Sunday at the Park Theater.

Duplicate services will be held at :30 and 11 a.m. This is one of a series on the Book of Mark leading up to the Resurrection at Easter.

The entire congregation is urged to participate in a Bible study of the Book of Mark.

Church School classes will be held at 9:30 and 11 a.m. at the Town Hall and the Legion Hall. Nursery will be provided at 1030 Browne Avenue, Lafayette.

Men's and women's Bible discussion groups will meet as usual. Information as to time and place may be obtaiend by calling the church office.

The Acalanes area Fellowship will have a potluck dinner tonight at 7 at the home of Richard and Barbara Benofsky, 4053 Valente Court, Lafayette.

Baptist

The First Baptist Church has moved from its temporary meeting place in Dick Mathis' Stationery Store to 1010 Oak Hill Road.

The new meeting place is located just across the street from the offices of The Sun.

This Sunday marks the opening service in the new meeting place.

Here is a special note for all youngsters in the area: Our Sunday School hour, beginning at 10 a.m., will be turned over to Jimmie Gessner. Gessner is a musical-ventriloquist. He has a real program in store for us, so let me encourage you to be there.

The message of the Morning Worship hour, beginning at 11, will be "Stern Words."

Evening services begin at 7.

Prayer meeting will be held at 7:30 every Wednesday evening.

A Special Recognition and Dedication Service is planned for next Thursday evening at 7:30.

Covenant

Schedule for church activities during the coming week are as follows:

Sunday — Sunday school and adult Bible class at 9:45 a.m.; Morning Worship service, with Dr. Olgoth Ohlson as speaker, at 11 a.m.; Young Peoples and Chi Rho at 6 p.m. and Evening Worship service, Dr. Ohlson speaking, at 7 o'clock.

Monday — Boy Scouts weekly meeting at 7:30 p.m.

Wednesday — Choir rehearsal at 7:30 p.m. and Mid-week Prayer service, with Dr. Ohlson speaking, at 8:15 p.m.

Central Contra Costa Sanitary District

Contra Costa County, California

5%, 3¼%, 4% and 3½% 1956 Bonds, Series A

Dated April 15, 1957 Due June 15, 1958-92, Incl.

Principal and semi-annual interest (June 15 and December 15) payable at the office of the Treasurer of Contra Costa County in Martinez, California. First coupon (8 months) payable December 15, 1957. Coupon bonds in denomination of $1,000 registerable only as to both principal and interest.

Bonds maturing on or after June 15, 1973, are subject to call and redemption, as a whole or in part, in inverse numerical order, on June 15, 1972, and on any interest date thereafter at par and accrued interest plus a premium of ¼ of 1% for each six months period between date of redemption and the maturity date but not to exceed 5% of such principal.

In the opinion of counsel, interest payable by the District upon its bonds is exempt from all present Federal and State of California personal income taxes under existing statutes, regulations and court decisions.

Application will be made to the Superintendent of Banks to certify that, in his opinion, these bonds are legal investments in California for savings banks, subject to the legal limitations upon the amount of a bank's investment.

These bonds, to be issued under provisions of Division 6, Part 1, California Health & Safety Code, for various sewage disposal purposes, in the opinion of counsel constitute valid and legally binding obligations of the Central Contra Costa Sanitary District. The District Board of said District has power and is obligated to cause annual ad valorem taxes to be levied for the payment of said bonds and the interest thereon upon all property within said District subject to taxation by said District without limitation of rate or amount.

Astronomical Budget? Study Hoover Report!

Speaking of budgets (and who doesn't?), the proposed multi-billion-dollar federal budget is so large as to almost defy ordinary comprehension.

Not only is it an all-time record, but it is such an increase over previous budgets that concise, intelligent discussion of it becomes almost an impossibility.

In view of this near-inability at comprehension of the staggering figures, we certainly agree with many congressmen and leaders throughout the nation that the proposed budget must be substantially reduced.

One way to go about achieving a reduction is to take a good, long look at the Hoover Commission report.

It is claimed by proponents that if the recommendations of the Hoover Commission are put into effect, about $5½ billion can be cut from the federal government's annual operating costs.

Like all good management surveys, this one shows how to cure waste, correct weaknesses and eliminate non-essential programs and activities.

Like other management surveys, too, its value will be in direct proportion to the use that is made of it.

Some of the commission's recommendations can be effected through administrative action; others require legislation. Both types of action will be influenced by citizen interest and support.

The Hoover Commission recommends establishment of a separate, unified supply system, under civilian management, to administer common supply and service activities for the Army, Navy and Air Force.

It also urges expansion of the management functions of the Bureau of the Budget; establishment by the President of a government-wide paperwork management program under the general supervision of the General Services Administration; relieving career administrators of policy responsibilities by adding competent non-career administrators; termination, wherever possible, of business-type operations of government, with congressional action where necessary.

These are just a few of the suggestions of the Hoover Commission. The entire report deserves the most careful study and consideration.

Regarding both the federal budget and the Hoover Commission report, we urge you to make your wishes known.

Write to President Dwight Eisenhower, The White House, Washington, D.C.; Senators William Knowland and Thomas Kuchel, Senate Office Building, Washtington, D.C., and Congressman John Baldwin, House Office Building, Washington, D.C.

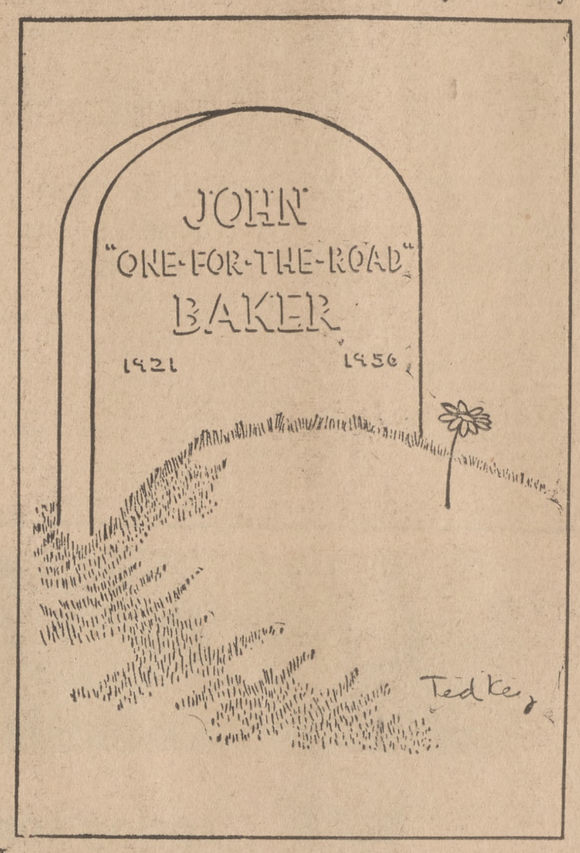
Fatal Fallacies by Ted Key



What They Say . . .

C.D.--A Pressing Need!

The problems of civil defense are manifold, to say the least. The attitudes of the citizenry in contributing time or effort to this important facet of contemporary living has not always been all that civil defense officials could wish.

Preparedness has been stressed in our schools, so that our school children, at least, will know how to conduct themselves in case of emergency.

But, in the final analysis, the question of civil defense concerns each and every one of us.

Should the emergency arrive there is one thing you can be very sure of: we'll all be pretty busy doing things that could have been done now.

Central Contra Costa County residents should be as concerned as the people anywhere. When asked about the current status of knowledge, interest and activity in civil defense they had this to say:

CHARLES A. PHILLIPS, 1 Dollis Park, Lafayette: "I haven't seen much evidence of it. Possibly there's something going on that I don't see. Intesest in these matters has to come from the people."

MRS. JAMES O. ARMSTRONG, 14 St. James Court, Orinda: "Maybe there has been information, but where do you get it. I read articles about civil defense in the paper sometimes. But information by mail or a poster would make more of an impact."

ROBERT W. STEARNS, 3300 Helen Lane, Lafayette: "I really don't believe there is enough knowledge, interest or activity. This seems to be true all over the country. It certainly lacks interest out here."

JAMES L. DUFFY, 125 El Toyonal, Orinda: "Civil defense has never been approached as far as my family is concerned. We've been here six years, and the thinking in the area seems to be more secure. If there is preparedness, the evidence of it is nil. All over the country the majority of Americans don't seem to know what it means."

MRS. HAZEL HARRIS, 457 Diamond Lane, Walnut Creek: "There has been an awful lot of publicity about Civil Defense this past year or so. I think that everyone should take more of an interest in it though."

F. T. DUNSMIRE, 87 Victoria Drive, Pleasant Hill: "I've been thinking about taking a course in CD but just haven't had the time to get around to it. That's the way most people think. They'd like to know more about it but, don't have the time."

MRS. FRANKLIN VESTING, Lanning Circle, Walnut Creek: "I don't think that people in general take enough interest in Civil Defense. You hear about all these other countries building shelters but, nothing seems to be done here."

MRS. FRANCIS LARCH, 874 Fair View Drive, Pleasant Hill: "I took a Civil Defense course with a friend of mine last year. I think that everyone should take one of the basic courses. CD is so very important and not enough people are aware of it."

Don't Quote Me, but . .

Trip to City Enhances Country Living Pleasure

By DOROTHY PATTERSON

You just can't beat country living, in my estimation; but occasionally my groom and I get a yen to see the big city, the people, the lights and to hear the clang of the cable cars.

To us, such outings are exhilarating.

A birthday celebration was in order some days ago, and because I am just wild about the theater, it was a great thrill to receive season tickets to the theater, the current showing being a Pulitzer Prize winning play.

An all-out evening . . .

His plan was for an all-out evening. Dinner, theater, parking lot.

He would even pay the bridge toll, too; we were not going Dutch, this time! (You see, he is of the opinion that marriage is a 50-50 proposition.) The evening was filled with promise.

For hours I endured high heels while my feet begged for release; for hours I endured inflexible rubber relentlessness around my middle; and for hours I wrangled with a hat my clean hair tried to remove all by its wild, unruly self. But, I was indulgent.

From rare to charcoal

It even took hours for my "steak, rare" to turn to charcoal. What some people can do to magnificent, choice foods once they get beneath a chef's hat! It is always we, the unsuspecting, who have to pay for such culinary frivolity.

As for the play — it was "Cat on a Hot Tin Roof." It seems to me that the entertainment level of our country is not only going to the dogs but to the cats as well.

After this unexhilarating climax to our evening in the big, fast city, we country bumpkins dashed home and quickly shed our citified garb for comfortable lounging robes.

Back to simple pleasures . . .

We drank good, hot coffee that accompanied delicious apple pie a la mode.

We sat by the fire and listened to the rain beat gently on our roof.

Take it from me, the city $ure i$ fun, but you just can't beat country living.

Letters to The Editor

TAXES

Dear Editor:

More should be said and done for those of us who own homes in Pleasant Hill and who arep aying ridiculous, absurd high taxes. We are more concerned about having our homes re-assessed and getting some relief from these taxes than we are of learning how much Contra Costa County is going to collect on vacant property.

There should be a thorough, complete and sweeping investigation of how property is assessed in Subdivision 4—De Villibis-Peacock subdivision.

For instance:

MY HOME is located at the corner of Powell and Soule. I have a Soule address. I paid $4,500.00 down payment on by house and lot. The original cost was $11,-750.00. My monthly payments payments were $50.00.

NOW: I am paying $500.00 a year on taxes alone on this 2-bedroom house—located on one lot. My monthly payments are $855.00.

A FEW DOORS AWAY — The taxes on a 3 bedroom house, on the same amount of property are $300.00 a year—these people have a Powell Street address.

Do these figures make sense to you? They don't to anyone else I have talked to.

NATURALLY I have thought of selling, but who wants to pay taxes like these, pay $0.35 cents for 100 cubic feet of water, etc., etc.????

Incidentally, when I wrote to the tax assessor's office, I asked how much I might expect to receive for my house, if I sold. I received a very nice letter, but none of my questions were answered, only that "You are paying the right amount of taxes."

Considering the increase I have had on my house, a total of $420.00 a year — this is ACTUAL INCREASE—besides three separate notices from the bank that I was delinquent, one time, $120.00, the second time $132.00, and the last notice that all the insurance I had paid had been used for taxes, each of these amounts were paid separately—considering all this—by the time my place should be paid for it will have cost me from between $40,000.00 and $45,000.00.

IN HY PERSONAL and humble opinion, there isn't a 2 bedroom $11,750.00 located on one lot WORTH $500.00 a year's taxes, in Pleasant Hill, or in Contra Costa County for that matter.

Let's fgure some way to help us—the little people—to keep from being **taxed right out of our homes.**

Vivian (Mrs. H.) Strohlein

DEAR EDITOR:

I should like to acknowledege an anonymous contribution of $5.15 mailed to me this week for the Lafayette Community Center. This money has been invested in our site and development fund, from which our Youth Building will be built.

Just as great distances can be covered by taking one step at a times, large sums can be accumulated by pooling a few dollars from a number of sources. The community of Lafayette has gathered over $18,000 for Youth amount represents about half the cost of the projected building.

It should be emphasized again that contributions to the Lafayette Community Center, Inc., are tax-deductible donations to a nonporfit organization owned and operated by all the citizens of Lafayette for the benefit of the entire community.

The growing strength of the Community Center project has resulted from the continuing support of the people of Lafayttte. It is reasuring to know that this civic interest exists, and we are most grateful for the $5.15 addition to our building funds.

THERON NELSON,
President,

Juvenile Drinking-- 'Mainly a Home Problem'

By HERMAN SILVERMAN

Liquor drinking by our high school students has been a problem here for some time. I've had mothers, as well as school and community leaders come into the office to discuss the problem.

This serious situation has simmered here for years, but I note that it has broke out into the open in Marin County. Here are a few quotes by Gus Phillips, supervising agent for the State Alcoholic Beverage Control department:

"It's mainly a home problem . . . parents definitely are contributing to the situation . . . and there isn't much law enforcement officers can do about it."

He said some parents give liquor to juveniles. Others because their supervision is lax, make it possible for young people to take liquor from home supplies.

Perhaps we can learn something from this eye-opening observation.

All want rapid transit—but . . .

Everyone seems to want a rapid transit system. The Bay Area rapid transit proposal is wonderful—until someone has to pay for it.

The problem is something like smog control. None of us want smog, but already screams are being heard when controls are effected.

But let's get back to rapid transit. We need it; we must have it; we must pay for it; we must not delay too long.

San Francisco, San Mateo and Santa Clara Counties are offering the most opposition to State Senate Bill 850, which would establish the district. They are not against rapid transit, but they quibble and want to wait.

Much opposition has been eliminated by pointing out that the district would be able to tax a maximum of 5 cents per $100 valuation for the first two years and an additional 10 cents tax thereafter.

If a transit system is to be built and money expended, the district would have to ask the voters to approve a bond issue. For the first years, the district will be planning. Let us not delay any longer.

Maneuvering for June, 1958

Politicians and would-be-politicians are already maneuvering for the June, 1958, primaries. The Sun has carried several stories about candidates who will run against Supervisor Ray Taylor in the 3rd Supervisorial District. This will be an interesting race.

Sheriff Harry Brown may very well face a lot of competition. Names being kicked around: Clinton Jones, Walnut Creek area constable; Walter Young, a deputy sheriff; Ron Orin, Concord chief of police; Sal Jimno, Pittsburg police chief; Arch DeSoto, Richmand marshal; Ivan Goyak, supervisor from the Richmond area, and Fred Brommuller, state narcotics official.

The grapevine says that if District Attorney Francis Collins runs again, he will have competition for the first time in years.

Three names mentioned are Judge Thomas Fraga of Martinez, Attorney Sam Conti of Pittsburg and Attorney George Walker of Lafayette.

Oh, oh, it's time to go home now. The end.

Trial is April 23 Between Acalanes District, Estand

Acalanes High School District has begun condemnation proceedings to acquire 49 acres in Tice Valley for a new high school.

A Superior Court hearing will be held on April 23, District Superintendent Neil Parsons told trustees on Monday.

The property is on the Dollar ranch, about two miles southwest of Walnut Creek, near the junction of Newell Avenue and Tice Valley Road.

CONTENDINNG parties are the school district and Estand, Inc., which represents the Stanley Dollar interests. Negotiations towards an out-of-court settlement have been unsucessful.

The district plans to construct its fourth high school in Tice Valley. High schools already in the district are Acalanes in Lafayette, Las Lomas in Walnut Creek and Miramonte in Orinda.

The Walnut Creek School District two weeks ago acquired 13.8 acres in Tice Valley through court proceedings for a new elementary school.

Deputy District Attorney Charles Hemmings, who represented the Walnut Creek District, will probably represent the Acalanes District on April 23.

ESTAND, INC., asked a total of $105,000 for the 13.8 acres and severance damages, but the jury awarded $67,800. The trial lasted seven days.

In other action, the high school trustees approved architect's final plans for improvement at Acalanes. Bids will be called April 5. The board called for bids for furniture equipment estimated at $22,00 to equip construction in the three district schools set for completion by the opening of school next fall, and called for bids for three busses to bring the total district fleet to 31.

The busses will be paid for, one each by the Lafayette, Orinda and Moraga Elementary Districts. The high school district has purchased 26 of the busses in the fleet. The transport system is operated by the high school district for joint use with Lafayette, Orinda and Moraga elementary schools.

Trustees accepted a low bid of $9440 by Cambridge Corp. for 600 bleachers in the Miramonte gym. This will raise gym seating capacity to 1200.

District maintenance workers were directed to install a baseball field and accessories at Miramonte this spring.

High School Trustee William Freeman was named as the board's representative on the newly formed Acalanes Area Inter-District Trustees' Committee organized to work on problems common to the area.

The Acalanes Board endorsed and recommended public encouragement for the school apportionment bill 345 now pending in the legislature. Members said the bill is important in contributing additional state funds for district operation.

Acalanes Students Plan for Next Year

Acalanes students are currently working out their scholastic program for the next school year with the aid of the instructors and the school counseling staff.

Course programs for the next year must be approved by parents before each student's program is considered set.

Education Board Opposes Change

Contra Costa County Board of Education today was on record as opposing proposed legislation which would change the method of electing its members from the present county-wide voting to election by wards.

President Samuel Bradbard of Pleasant Hill, said that the board has directed its secretary, County Superintendent B. O. Wilson, to address a letter to legislative representatives opposing the bill.

Board members now represent areas but are elected by county-wide vote.

The board will support legislation that would establish a county superintendent's minimum salary schedule, grouped in 10 classifications of California counties. Contra Costa County would come under Class 3, along with other counties of similar population, with a minimum salary of $17,000.

It has endorsed a proposed constitutional amendment to authorize county boards of education to appoint the county superintendent and fix his salary, as is now done by school district governing boards in the case of the district superintendent.

It has endorsed legislation that would empower the county superintendent to call a special election if a majority of the county board members were to resign at one time.

Contractors Hold Panel Discussions

"How to Make Money in Homebuilding," was the subject of a panel discussion held by the General Contractors Association of Contra Costa County at a dinner meeting at 7:30 last night at the El Nido Restaurant in Lafayette.

The panel discussion was moderated by Harold W. Smith of Moraga. Participants were Jack Marchant of Lafayette, on subdividing - Hidden costs and problems, Walt Klein of Walnut Creek on Trade-in Houses; and Dick Thomssen, C.P.A., on Accounting-its important phases in homebuilding. Panel sessions will assist the home builders in their plans for a more efficient operation when the Congress acts upon the increase in the VA interest rate to per cent.

New Garbage Disposal Plan Told Mayors

Various methods of refuse disposal for Alameda and Contra Costa County cities were discussed at last week's meeting of Eastbay mayors and city managers by Frank Bowerman, division engineer of the Los Angeles County Sanitary Districts.

An expected ban on open-dump garbage burning, initiated as an anti-smog measure, will make it necessary for Eastbay cities to dispose of refuse by burying it, towing it 20 miles into the Pacific Ocean, burning it in smokeless incinerators, or making huge compost piles of the refuse.

Next to burning, burial of the refuse is the least expensive method, according to Bowerman, costing $1 per ton as opposed to up to $4.50 per ton for the smokeless incineration method. This "fill and cover" method is the only solution found practical in Los Angeles, Bowerman said.

Another advantage of the burial method is that it provides for reclamation of land for parks, said Bowerman, but this method does make necessary the creation of a "boneyard" to dispose of auto bodies and other bulky metal objects which can not be covered with earth.

Both the towing of refuse into the Pacific and the incineration of garbage were described as being too expensive. The compost method of disposal creates large piles of unmarketable humus.

During his visit to the Bay Area, Mr. Bowerman toured both Eastbay dumpsites and the eastern tideflat perimeter of San Francisco Bay.

182 Plymouths Go to U of C

An order for 182 Plymouth automobiles, the largest single Plymouth order filled in the West this year, has been delivered to the University of California. Dealer Gorrill Butler of Butler-Conti, Inc., Lafayette, completed the sale.

The cars ordered were identical in their specifications. They were Savoy V-8 four-door sedans equipped with standard transmissions. The order was placed by the university, including the Berkeley campus and UCLA in Los Angeles.

Montecito School First Graders Go On Local Tour

As a part of their current social studies unit, a study of vital community helpers, Mrs. Graves' first grade class from Montecito School viisted the Lafayette post office andfriehoeuslandwerSHRDLURH7 and firehouse last week.

The boyls and girls saw how packages are weighed, learned how mail is sorted and found out all about mail time schedules.

At the end of the visit, each child wrote and mailed a post card to Mother, and then it was time to cross the street and see what was going on over at the fire house.

At the fire house, the children were shown how many trucks there are and learned about the equipment each truck carries. They were told the various methods used in fire-fighting, and saw how fire alarms come in on the radio.

Mrs. Allen, the room mother for Mrs. Graves' class, made most of the transportation arrangements for the trip.

Besides Mrs. Allen, other mothers who accompanied the class to help supervise were Mrs. Almeida, Mrs. Johnson and Mrs. Molloy.

There are many other things going on at Montecito, too. Last week the PTA sponsored a rag drive, the proceeds of which go for school "extras," such as more library books, etc.

Mr. Northon's class won the prize in the contest as to which room would bring the most rags, but a good showing was made by all.

The upper grade classes brought off a very successful cake sale last week. Money was made, the cakes were delicious, many of them baked by the children themselves, and a good time was had by all.

Next week, during lunch period, the PTA is sponsoring another of the popular hot dog sales.

The purpose of the sale is to replenish funds dpleted by Christmas and Valentine room parties. The children are eagerly anticipating the sale, and have their orders in already, to insure not going hungry that day.

State Sportsmen Spend $487 Million for Hobbies

California's licensed sportsmen pulled a whopping $487 million out of their wallets to hunt and fish in their state in 1955, a Department of Fish and Game poll revealed this week.

By a 4 to 1 margin, this amount overshadows the combined expenditures of all Californians for admission to all sporting events, including professional, collegiate and high school football, baseball and basketball, as well as movies, plays and concerts, the department states.

The results of the survey provide the first comprehensive facts the department has had of the economic value of hunting and fishing resources in California.

COMPARED with figures from a similar nationwide survey by the U. S. Fish and Wildlife Service, the typical California sportsman far outstrips his fellow American in distance traveled and money spent in direct pursuit of fish and game.

The department sampled more than 3000 fishermen and 3000 hunters with lengthy questionnaires in two separate mail polls and received replies from more than 70 per cent of the anglers and 79 per cent of the hunters.

THE DEPARTMENT found the average California hunter spent $265.55 in 1955 and that fishermen averaged an annual expenditure of $217.89 in fresh water and $141.54 in salt water fishing.

The national survey showed the typical hunter, nationwide, spent $79.49 during the year and the typical angler $77.38 for fresh water and $107.29 for salt water fishing.

The national survey used a figure of 3.5 cents as its standard travel cost per mile, while the California survey used 7.5 cents, a more realistic figure in California.

Models for the fashion show have been selected from the alumnae, the active chapter at the University of California and the Mothers' Club.

The proceeds from the party will go to the Theta Upsilon Alumnae Fund for the support of Berea College in Kentucky and Navajo Assistance, Inc., the philanthropic projects of the sorority.

Judith Worsham, M. James Pratt Wed Tomorrow

Judith Marie Worsham will be married tomorrow afternoon at the Bethlehem Lutheran Church in Berkeley to Melville James Pratt of El Cerrito.

Judith is the daughter of Mr. and Mrs. Harold Worsham of 3357 Woodland Way, Lafayette.

Over 250 guests are expected at the ceremony and the reception following at the Orinda Country Club.

Judith will be attended by two bridesmaids and her sister, Barbara, as maid-of-honor. Barbara, who resides in Hawaii, flew in for the nuptials.

The newlyweds will leave shortly for a two-week holiday trip at Kaiser Village in Hawaii, a gift from the bride's parents.

When they return from their vacation, they will set up housekeeping in El Cerrito.

Judith was graduated from Acalanes High School in 1953, and studied commercial courses at Armstrong Business College for a year and a half after that.

She has been employed as private secretary to one of the executives at the Berkeley branch of the Bank of America.

The groom is the son of Mr. and Mrs. Robert Pratt of El Cerrito. He is a graduate of El Cerrito High School, and is employed as an administrative trainee at the U.S. Gypsum Company in Oakland.

The bride's father, Harold Worsham, is the very popular manager of the appliance store of the J. F. Hink Company in Berkeley.

Alpha Chi Omega Schedules Party

"April in Paris" will be the theme for entertainment at the Alpha Chi Omega Mother's Club Spring Luncheon and Card Party scheduled for April 9, at 12:30 o'clock at the sorority house, 2313 Waring Street in Berkeley.

Final plans for the affair were made at the last meeting of the Mother's Club, and Mrs. Hugh S. Begg of Piedmont was named general chairman with Mrs. F. Howard Pratt of Oakland assisting her as co-chairman.

Phoney Frolics Are Sorority's Production

The Walnut Creek Chapter, Alhpa Lambda of Omega Nu, was hostess to a sister chapter Theta Chi of Oakland at the first joint meeting of the season on Tuesday a tthe home of Mrs. George S. Irwin at 1126 Hidalgo Court, Lafayette.

The members of Alpha Lambda presented their "Phoney Frolics Fashion Show" to illustrate what the well-dressed woman should not wear.

This is in reality a preliminary to an annual formal Fashion Show to be held May 25 at the Pioneer Village in Lafayette.

Models for the Phoney Frolics Fashions were Mesdames George Anderson, James Coleman, Ted Matthiesen, Robert Fitch, James Austin, Charles Nickel and Richard Woodruff.

Mrs. William was the comic commentator.

Mrs. Robert Fitch, president of Ahlpa Lambda and Mrs. Robert Skaife, president of Theta Chi, presided over the joint business meeting and will encourage the exchange of ideas on fund raisnig for philanthropic activities.

Mesdames William Stevens, John Bartolero, Walter Hutchingson and Leo Pasquini prepared the evenings refreshments.

Panhellenic Will Fete Senior Girls

Senior high school girls and their mothers will be honored guests at a Tea and Fashion Show, sponsored by the Contra Costa Panhellenic group, on Saturday afternoon, April 6 at 2 o'clock.

Invited to attend the party, to be held at Stanley School Auditorium, are all graduating senior girls from Acalanes, Las Lomas, San Ramon and Pleasant Hill High Schools.

Deans of Girls invited as honor guests are Miss Vera Richardson, from Acalanes; Mrs. Katherine Taylor; Las Lomas; Mrs. Marjorie Crouch, Pleasant Hill; Miss Marjorie Harper, San Ramon.

The purpose of the tea is to serve as an orientations program for Contra Costa seniors planning to attend universities and colleges.

Panhellenic representatives from the Bay Area will give information on national sororities, their policies, standards, scholarship and rushing regulations. A fashion show will be presented by members from the University of California Panhellenic.

The Program Tea, the first event of this type to be given in this area, is hostessed by the recently formed Contra Costa Panhellenic Group - a sister group of the San Francisco Bay District Association.

Stilts Cop Win Over Hawkeyes At Orinda, 28-21

In a hard fought game that took place on two different courts before the final whistle blew, the Stanford Stilts downed the Iowa Hawkeyes in the final game of the Orinda Union School Intramural Basketball Tournament on Tuesday afternoon.

The final score of the remarkably clean game was Stanford 28 — Iowa 21.

The game, which was attended by nearly the entire student body of the school, was begun on the basketball court in the schoolyard. But rain intervened.

Intsead of cancelling the balance of the contest, both teams agreed to move into the court in the schol auditorium. The rabid fans followed en masse.

It was a close battle until the final fifteen minutes. At that point, however, the superior court play of the Stilts began to tell as the Stanford five began pulling ahead steadily lead by the shooting of Steve Smith, Terry Storey and John Lackey.

Smith was the game's high point mas with 12 points on five field goals and two free throws.

Storey and Lackey added the rest of their team's points with 10 and 6 respectively. Terry canned five field goals and John netted three.

For the Hawkeyes, Mike Fallentine and Kent Miller each dropped ten points through the hoop. The Iowa five's other point was claimed by Teddy Howard on a toss from the foul line.

The officials for the game were Don Navone and Mike Dauphinee, who, like all the other principals in the contest, are sixth grade pupils at the school.

Matador Nine Has Troubles

The Miramonte Matadors have had their troubles with the rain, as far as baseball is concerned, but more than that, a top problem has been the lack of a field on which to practice.

The ball field was scheduled to be put in last fall, but plans fell through and while Miramonte will field a team it will be on the absis of all games being played away from home.

Practice to date has of necessity been on a makeshift basis on the football turf.

THE OPENING DATE on a tentative basis is next Thursday, with the opponent unannounced at this time.

A good number of players return from last season's all-frosh squard.

Coach Johnny Mack has been impressed with the play of a number of players to date.

PLAYERS who apear ready for play to date are Jim Detling and Bob Ellermeyer at scond base, Vick Johnson and Rob Anthonisen at the initial sack, Randy Young at shortstop and Klint Danna in the outfield.

Tops in the pitching department appear to be Steve Cornwell and Bob Hudson, while Marc Littlejohn and Gordon Hightower look good behind the mask.

Golfers Busy At Miramonte

The Miramonte golf team, under the direction of mentor Jim Lewis, is busily preparing for the spring season.

Biggest problem to date has been narrowing the team down to a workable unit from the large turnout of better than 30.

Among the leading candidates to date are Bill Houston, Marc Littlejohn, Doug Moorehead and Klint Danna.

Country Club Names New Tennis Pro

Junior tennis enthusiasts gathered last Saturday at Orinda Country Club to meet the club's newly appointed tennis pro, Mr. Kevin Merrick, who outlined a very active spring program.

Mr. Merrick, who received his degree in physical education from the University of California, has been prominent in bay area tennis since competing on the Berkeley High and University of California tennis teams. He has been associated with the Berkeley Tennis Club in charge of junior development and, most recently, with the Claremont Country Club.

At Saturday's meeting, Mr. Merrick briefed the junior players on court rules and etiquette, the age divisions for tournament purposes, and started the sign-up for challenge ladders.

All club members, both Junior and Senior, are urged to sign up as soon as possible.

Among the Junior present at this initial meeting were:

Carl Anderson, Ricky Borden, Jonathan Jensen, Dick Stark, John Freeman, Peter Telfer, Miller Freeman, Neal Freeman, Susan Ray, Elizabeth Hart, Mary McFarland and Mary Foster.

St. Mary's Rugger To Meet Clubbers In Sunday Match

St. Mary's rugby squad will be looking for its first win of the season Sunday when it meets the Olympic Club at Moraga.

Defeated by California and UCLA in their first two starts, the light, quick Gaels will be giving away weight and experience to the San Francisco team.

The Clubbers are led by a pair of former St. Mary's gridders, Dave Marcelli and Archie Chagongian, and two ex-California stars, Donnie Harris and Bob Lowell.

Basketballer Andy Sloan joined the Gael squad this week, putting the Moragans at full strength for the first time this season.

Beginning at 2:30 on the St. Mary's football field, the St. Patrick's day contest is open to the public. There is no charge for admission.

Mrs. Small Cops Golf Tournament

Mrs. J. W. Small of Orinda Country Club posted the low gross score in the Ladies Invitational Tournament at her home course last Friday.

Mrs. Small's round of 86 was three strokes better than her nearest competitor.

Other results in the tourney are as follows:

CLASS A: Mrs. A. B. Tanner, 89-12-77; Mrs. E. R. Kinney, 106-15, 91; Mrs. F. F. Fee, 105-12-93; Mrs. J. P. Thomas, 103-13-93.

CLASS B: Mrs. M. Freeman, 103-18-85; Mrs. B. E. Justice, 105-16-89; Mrs. J. L. Dawson, 110-16-94.

CLASS C: Mrs. E. C. Bergen, 110-22-88; Mrs. W. W. Fox, 112-20-92; Mrs. T. Carlson, 115-20-95.

Thrift Shop Has Spring Items

Of special interest this week-end to the patrons of the Therapy Thrift Shop, 1547 East Street, Walnut Creek, will be a selection of spring merchandise, electrical equipment and toys, according to merchandise managers, Mrs. Thomas Tryon and Fre. Frederick Confer.

The shop, operated by the Linnet Auxiliary and Linnet Juniors of the Mt. Diablo Therapy Center, will be staffed by the Mesdames Paul Nave, William F. Ames Jr., E. N. Boyce, George K. Schroder, Edward Radford, Ralph Taylor, Charles Strother, Burton Wood, Robert Miller and Ray Dondero.

Store hours are from 10 to 2 p.m., tomorrow.

Watchful eyes guard your voice when you telephone

Every time you make a phone call, a vast network of equipment speeds your voice to its destination. But a failure anywhere along the line could interrupt your service. So telephone people have worked out many ways to head off possible cases of trouble. For instance, in the maintenance center where Mike Sturtevant (above, left) and Stan Jansen work there's a new kind of line tester that checks the condition of thousands of lines an hour. It shows how well yours and others are working. In addition, telephone central offices have automatic trouble recorders that keep tabs on dial switching equipment. These recorders reveal trouble before it can interrupt routing of your calls.

Patrolling cross-country lines is another way we keep an eye on your service. And on microwave radio-relay routes and many cables, built-in alarms sound off automatically back in a control center whenever trouble threatens. In all these ways, and many others, telephone people safeguard your calls round the clock. It's part of the dependable phone service you've come to count on.

Working together to serve you better ...

Silk Screen Show Set For Art Ass'n

A demonstration and talk on the art of silk screening given by Mrs. Rawlings Simon, local artist, will be the highlight of the Cooperative Art Association's meeting this month.

The group, which includes members from Lafayette and Walnut Creek, will meet at the home of Mrs. Robert M. Brown at 781 Hazelwood Drive in Walnut Creek on Wednesday at 10 a.m.

Mrs. Fletcher Taylor, program chairman, will introduce the speaker.

Mrs. Simon will be assisted by Mrs. Glen Max, art instructor, in her demonstration of the process of silk screening.

Mrs. Simon is a teacher of the after-school art class at Vallecito School, a Cooperative Art Association sponsored class. She has studied art extensively and has exhibited her work at the Metropolitan Museum and the Museum of Modern Art in New York, and also at the Library of Congress, Philadelphia Art Museum and the Munson Proctor Institution. She is a founding member and has been President of the Valley Art Center in Lafayette.

Mrs. Ray Holland, president of the Cooperative Art Association, announced several future events for the group. The Lafayette School Wednesday class will hold an exhibit of student art at the next Youth Concert Series on Sunday, March 31, at Las Lomas School.

Miss Nancy Burks is teacher for this class, assisted by Mrs. John Leigh and Mrs. R. D. Buffington.

The group will also make plans at the March meeting for their Art Annual, a student show which will include paintings and art work from each child in the seven after-school Art classes.

This event will be a garden tea and outdoor art show and will be given in May.

St. Perpetua's Guild Members Elect Officers

The second meeting of the newly formed St. Perpetua's Guild was held recently at St. Perpetua's auditorium on Hamlin Road, Lafayette. Father John Quinn acted as moderator.

Members elected officers and appointed committee chairmen for the coming months.

The following officers were elected:

Helen Wasserlein, president; Gloria Coleman, first vice-president; Billie Haggerty, second vice-president; Marie Louise Walsh, secretary, and Marie Weis, treasurer.

Appointed committee chairmen were:

Dorothy Martinez, corresponding secretary; Mary Whitnell, historian; Marge Moran, parliamentarian; Freddie Moran, spiritual activities; Irene Jones, membership; Anne Pritchard, publicity.

Kay Izett, altar care; Gloria McCaustland, ways and means; Loretta Boyle, welfare; Sally Nelson, Rita Lane and Anne Arrighi, auditors, and Juanita Park, communion breakfast.

Marge Reilly and Sally McKeegan will sell religiius articles at the door of the church during the mission starting Sunday.

The first project planned by the Guild is breakfast for the first communion class to be given some time in May.

Meetings will be held at 8 p.m. on the first Tuesday of every month at St. Perpetua's auditorium.

Suburbanettes Will Hear Nurseryman

The Walnut Creek Surburbanettes will hold a board meeting Tuesday at 10 a.m. in the home of Mrs. Arthur McDougall, 206 Marshall Drive, Walnut Creek.

A regular meeting will be held March 27 at 12:30 at the home of Mrs. F. S. Bernard, 120 La Bolsa, Walnut Creek. Mrs. Robert Noble will be co-hostess.

Program will be "Spring Flower Show." Joseph Morimune will speak on flower arrangements for indoors and outdoors and new ideas in room dividing planters.

Mrs. Jack Nesbit is in charge of program arrangements.

She will show color films of flowers in bloom taken in various parts of the country.

Mrs. Norman Ekholm will assist.

P. G. and E.'s Cooperative Trinity Plan will gain $310,000,000 for taxpayers and California water users

Trinity River Project is being built to provide more water for California. The Federal Government is building 3 dams and 14 miles of water tunnels to harness the Trinity River. As the water drops out of the mountains through the tunnels it can turn electric generators.

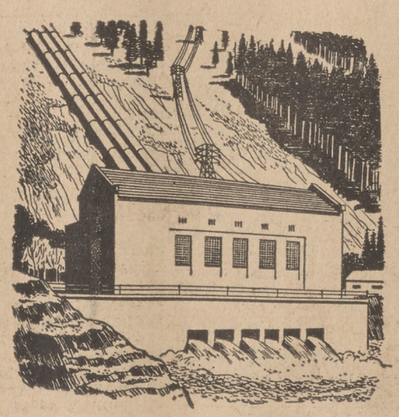
Here's the P. G. & E. Plan recommended to Congress by the Secretary of Interior

1. Electricity is a by-product of this water project, and P. G. & E. has offered to develop it, cooperating with the Government. Under the P.G.& E. Plan, the company will pay for the building of powerhouses, transmission lines . . . will pay State, Local and Federal taxes . . . *plus* paying for using the force of the falling water.

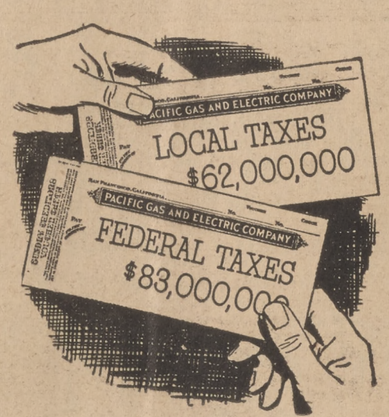
2. This plan was studied thoroughly and recommended to Congress by the U. S. Department of Interior. It is similar to other P. G. & E. cooperative plans with the Federal Government, cities, irrigation districts and other local agencies . . . which have been operating in a sound business way for many years, helping cut the cost of water and paying taxes.

3. It will mean a $310,000,000 benefit to water users and taxpayers. Here's how: Over the 50-year project repayment period, the government will gain $165,000,000 *net* from P. G. & E. payments for using the water; the Company also will pay $145,000,000 in State, Local and Federal taxes. Total gain—$310,000,000. P. G. & E. will build the $56,000,000 power facilities, thus cutting the cost of the project to taxpayers by 25%.

4. It will mean cheaper water and another source of power for all Northern and Central California at reasonable cost. Trinity power can be put to work efficiently and economically through P. G. & E.'s vast inter-connected system, already built and operating. The money gained would permit lower water rates for farmers, public agencies and industries. The power will be sold by P. G. & E., at no extra cost to the rate payers, at rates established by California Public Utilities Commission.



P.G. & E. will build the plants . . .



pay taxes . . .

pay Government for use of water . . .

Don't be fooled by those whose purpose is Government distribution of power

They want the Government to build the power plants and transmission lines and sell power on a Government-ownership basis. This would result in an unnecessary burden on taxpayers and water users, and use of the electricity at subsidized rates by only a favored few.

Other water developments, such as the San Luis Project, can be built in whole or in part with the benefits gained under the P. G. & E. cooperative plan for Trinity.

More than 200 cities, Counties, Chambers of Commerce, Civic Organizations have endorsed the P. G. and E. Plan, and the United States Department of Interior has recommended it as the best way to develop Trinity River electricity.

Pleasant Hill Cindermen Whip Pacifica

Rams Score Heavy Win In Debut

Coach Hal Briggs' cindermen of Pleasant Hill High School made their 1957 track debut a successful one when they rolled to a 77½-34¼ track win over Pacifica High of Pittsburg last Friday afternoon.

The meet, held at the Pleasant Hill oval found Lou Salizar pacing the winners as he copped first in the 440, 180 low hurdles and the broad jump.

Ray Rice was a Ram double winner as he took the discus and the hot put.

AS A MATTER of record, Pacifica's first places came when Dick Jones took the 100 in 11.1 and was a repeat winner in the 220, stopping the clocks at 24.7.

Pacifica got a tie for first in the high jump when Morris of Pleasant Hill and McCollum of Pacifica tied.

A wet track handicapped the performers no end, but all in all, times and distances were good, in view of the season's initial competitive performance, with a minimum of training to date, due to little cooperation on the part of the weatherman.

COMPLETE RESULTS of the meet were as follows:

120 high hurdles—Pratt (P.H.), Drake (P.H.), Ipson (P.H.)—16.9.

880 — Huddleston (P.H.), LaPointe (Pac.), Emery (Pac.).—2:13.8

100 — Jones (Pac.), G. Cobb (P.H.).—11.1.

SHOT (12-POUND) — Rice (P.H.), Burgett (Pac.), Felix (Pac.). — 43 feet.

440 — Salizar (P.H.), Parks (Pac.), Warner (P.H.). — 55.3.

180 low hurdles—Salizar (P.H.). Santa Maria (Pac.), Pratt (P.H.). — 20.8.

Broad jump — Salizar (P.H.), McFarland (P.H.), tie for third between Scott (P.H.) and Keyes (Pac.). — 19 feet, 3 inches.

HIGH JUMP —Tie for first between Morris (P.H.) and McCollum (Pac.); March (P.H.).—5 feet, 2 inches.

220 — Jones (Pac.), G. Cobb (P.H.), Ipson (P.H.). — 24.7.

Mile — Locatelli (P.H.), Rich (P.H.), Hennessey (Pac.).—5:16.2.

Pole vault — Crane (P.H.), Scott (P.H.), Kissinger (Pac.). — 11 feet, 6 inches.

Discus — Rice (P.H.), Hill (Pac.), Carlson (P.H.). — 101 feet, 5 inches.

Relay — P.H. — 1:37.0

RAMS' BASKETBALL AWARDS were presented March 7 at the annual basketball awards dinner at the Pleasant Hill High School multi-purpose room. Among the many participating were, left to right, Art Bloom, principal of Pleasant Hill High School; Dan Ipson, rated the most improved player; Bob Ritchie, All-County guard for the second year in a row, who received the award for most valuable player; Art Poulin, coach; Doug Sherbourne, who carried off the cup as team captain; Tony Ruiz of Antioch, honored as the outstanding opponent, and Art Gallan of the University of California, guest speaker for the evening. —Sun photo by Mattson

Coaches Pick All-County Hoopsters

The prep hoop coaches met last week to select All-County teams and came up with an all-senior selection on the two teams selected in the varsity division.

No school landed more than one player on the top five, and the same was true of the Bee Selection.

The pick of the 1956-57 hoop crop for the Diablo Valley Athletic League, Contra Costa Division, was as follows:

St. Mary's Lists Basketball Tilts

St. Mary's College baseball team will play 20 games this season, Coach Lou Guisto announced yesterday.

The first game was on March 7 at Moraga, against San Francisco City College.

The schedule consists mainly of tiltes with Northern California college and armed forces teams, including a pair with the rival University of San Francisco nine.

THE ST. MARY'S Phoenix will field an experienced club, with five regulars returning from last year's aggregate that posted o 9-7 season mark for the Moraga campus team, with one tie.

Here is the schedule for this season:

MARCH: 17, USF, there; 20, Sacramento State, here; 23, Cal Davis (2), here; 26, Alameda NAS, here; 29, Mare Island, here.

APRIL: 9, San Francisco City College, there; 13, USF, here; 23, San Francisco State, there; 24, Mare Island, there; 25, Cal Davis, there; 27, Cal Poly, there.

MAY: 1, Mare Island, there; 2, San Francisco Police, here; 4, San Francisco State, here; 7, Sacramento State, there; 9, Alameda NAS, there; 12, Yountville Veterans, there; 14, San Francisco Police, here.

After Rains --Full Gamut Of Athletics

The rains have played havoc with spring sports in general, and most activity, with rare exceptions, such as swimming, has been pretty well bogged down in the mud.

As someone remarked, "there can't be much more of that wet stuff to come down," and fair skies should be in the offing before long; with them will come a burst of all-around sports activity.

Events on tap for the week are as follows:

BASEBALL:

Today — Amador at Las Lomas, 4 p.m.; Pleasant Hill at Berkeley, 3:30 p.m.

Monday — Acalanes frosh at Las Lomas, 4 p.m.; Las Lomas at Oakland High, 3:45 p.m.

Tuesday — Las Lomas at John Swett, 3:45 p.m.; Livermore at Acalanes, 3:30 p.m.; Pleasant Hill at St. Vincent's 3:30 p.m.

Wednesday — Piedmont J. V. at Las Lomas, 4 p.m.

Thursday — Alhambra at Acalanes, 3:30 p.m.

TENNIS:

Monday — Las Lomas at Oakland, 3:30 p.m.

TRACK:

Today — Las Lomas at Pleasant Hill, 3:30 p.m.; Berkeley and San Ramon at Acalanes, 3:30 p.m.

Next Friday — Miramonte at Las Lomas, 3:30 p.m.; Pleasant Hill at Alhambra, 3:30 p.m.; Acalanes at Pittsburg, 3:30 p.m.

SWIMMING:

(Diablo Valley Athletic Legue Relays were scheduled for 3:15 p.m. last Wednesday at Acalanes.)

Today — Las Lomas at Berkeley, 3:15 p.m.

Wednesday — El Cerrito at Las Lomas, 3:15 p.m.; San Leandro at Acalanes.

GOLF:

Sunday — Las Lomas vs. Pleasant Hill at Contra Costa Country Club.

GYMNASTICS:

Tonight — Diablo at Pleasant Hill at James Lick High, San Jose, 7 p.m.

Dons Win 10-0 Against No-Hit Emeryville Nine

The Acalanes Dons were rained out of their first two baseball games, when they were supposed to play Hayward and Berkeley, in that order, but finally got on the field in game number 3 to face Emeryville on the Acalanes Field Monday afternoon.

The Dons came through with a good opening show when their efforts, to toss a no-hit, no-run game at the invaders while racking up 10 runs of their own over the nine innings of play.

Mac Waddell, a junior up from last year's J.V. club, showed good form in setting down the opposition, with but 11 batters facing him in his three-inning stint.

SOPHOMORE portsider Mike Kritscher took to the hill for the fourth, fifth and sixth frames and whiffed eight would-be hitters, to ad to the six Waddell had struck out.

Junior Steve Jordan, the big right-hander, also in the groove as he struck out six in the final three innings.

The game was pretty much of an even-steven affair for the first six innings, as neither club scored.

IN THE FATAL seventh, however, the Dons got rolling as two hits plus five bases on balls and a couple of wild pitches enabled Acalanes to score 7 runs.

Three more were added in the eighth on two more hits plus four walks and a pair of Emeryville errors.

The Dons wound up with 6 hits, all of them singles.

FIRST BASEMAN Jim Dinkel was top sticker, with two singles in four trips to the plate.

Dave Bojarsky went the route behind the mask for the winners. Emeryville used four hurlers in Leal, Costello, Dervo and Scott, and behind the plate it was Wheeler for five and Campell the rest of the way.

The Dons comitted one error, to the losers' two.

Wet Grounds Have Real Effect on Baseball Play

By ERWIN MATTSON

THE RAIN HAS CONTINUED to put a damper on spring sports, but one of the surprising things is how it affects baseball.

Wet grounds have their effect, as the ball absorbs moisture like a sponge and is really "wrecked" in short order. Besides, the ball becomes difficult to handle and to hit.

Even with a dry field, however, if the air is "damp" — that is, laden with moisture — it becomes difficult to hit a ball any great distance. The air is heavy.

In high altitudes the air is thinner, and a ball will go longer distances with any given impact.

Salt Lake City was in the Pacific Coast League a number of years back, and it was a hitter's paradise, due to ideal atmospheric conditions during the summer months.

TRACK HAS BEEN SLOW in getting started, but a pair who seem pretty well assured of sports headlines are a sprinter from Diablo, whose names escapes me at the moment, and Dixon Farmer of Miramonte.

The Diablo sprinter ran the 100 in 10.1 in the heavy going against Vallejo High last week.

Dixon Farmer was a brilliant standout last year as a freshman. He excels at whatever he enters, be it the high jump, broad jump or a running event.

Many look upon him as Olympic material.

I SEE WHERE PLEASANT HILL is opening an organized drive to raise funds to put lights on its football field.

The plan calls for selling non-interest bearing "bonds" of various denominations to finance the deal.

Certain equipment is available on a used basis that will mean considerably less cost than would be the case if everything had to be purcnased brand new. It's what remains of the dismantled Oaks ball park lights.

The Rams are definitely on the upswing in the sports picture, and lights will round out a fine plant. Their latest acquisition is a fine new gym, which is complete with locker rooms and is a beauty to behold.

This new gym will go a lonk way toward developing student pride and school spirit, plus top-quality basketball teams.

Principal Art Bloom takes a vital interest in his school athletic plant and is driving force in its development.

Acalanes Ski Club Has Second Trip to Snow

By VI WHITE

On March 1 the Acalanes Ski Club left from school on its second trip to the snow country. The group stayed at Woffords Lodge on Hiway 40 and skied at Sugar Bowl, Soda Springs and Donnar Ski Ranch.

Those who had fun on the weekend were Bob Mossman, Mike Desch, Dale Gurnason, Bill Driscoll, Tom Layne, Jim Mossman, George Hemvalds, Randy Fry, Bill Harris, Don Lockey, Bob Lockey, Karen Miller, Diane Peabody, Sue Jorden, Judy Murphy, Michele McKeegan, Prudy Myers, Kae Helen, Cathie Barnum, Pat Murphy, Judy Patterson, Drury Spurlock, Sue Flint, Marilyn Bartlet, Carolyn Norris, Terree Towers, Tad Curtis, and Hank Laney.

MR. AND MRS. MOSSMAN, Mrs. Spurlock, and two teachers, Miss Nicholson, and Mr. Wooddell went along as chaperones. Bob Mossman entered a race held at the Donner Ski Ranch Sunday.

A tan and lively set who just came back from Sun Valley last weekend are Mary and Loren Martin of Orinda, Dr. Robert Burk of Lafayette, Sally and Dean Montagne, Betty and Frank King, Jinny and Les Parry and Julian Potashninck of Walnut Creek.

They had a wonderful time on those long Idaho slopes, and enjoyed the night life fun too.

The Oakland Ski Club championships were held at Sugar Bowl Saturday and Sunday and the Contra Costa contingent of the club did very well. Racing for the first time Loretta Jacobs who ran both slalom runs smoothly and placed third in Class B, while her husband Marty placed ninth in Class A.

Their daughter Marsha attempted her first race and came in fourth in the Novice Class.

THEIR NEIGHBOR in Orinda, Bill Carpenter, Class A racer, was eighth in the Downhill, fourth in the Slalom and fifth in the combined. John Shillich of Walnut Creek did well in Class B by coming in first in the Downhill, third in the Slalom, and second in the Combined.

The White family raced too, Carson placing third in the Downhill, had trouble in the slalom and came in thirteenth, but was ninth in the Combined Class A.

Fourteen year old Charlie raced in Class B and placed fifth in the Downhill, second in the Slalom and third in the combined. This writer came in third in the Downhill, first in the Slalom and second in the Class A combined.

President Bill Meinheit of Walnut Creek had trouble in his second run of the Slalom and is sporting a black eye. His buddy Steve Brody did not compete because of injuries from the weekend before.

Several minor hurts were acquired during the races, but Barbara Atkinson suffered a broken leg and is spending a week at Truckee hospital resulting from a fall in the Downhill course Saturday. Visability was very poor Saturday afternoon but Sunday was warm and sunny.

A FEW OF THE Nutski Club members were at their Tahoe cabin during the rain over Washington's Birthday last month. Mr. and Mrs. Ed Boero and Nancy and Ann, Mr. and Mrs. Jack Davis and Kieth and Shery, Mr. and Mrs. Jack Turman and John and Lynn, and Tom Toland did a little skiing that three day weekend but found it mighty wet.

The new Walnut Creek Ski Club met at Walnut Creek Grammer School last week and discussed membership and a future ski trip together. Gloria Boitano, Ken and Elsie Jones, Al Lippencott, Mrs. Wiel and Chris and Don Wood attended and met other ski enthusiasts while enjoying coffee and doughnuts.

A date for the meeting next week is not available at this time but phone secretary Lois Knox, MU 5-4678, for information concerning this new group.

Mr. and Mrs. Ed Cochrane spent the weekend at Edelweiss on Hiway 50 with a group of friends from the Moore Business Forms Company. They had a fine time and enjoyed the fresh snow.

PH High School Casaba Players Receive Awards

The Pleasant Hill High School multi-use room was put to good use the evening of March 7 when it was the scene of the annual basketball awards dinner.

Highlights of the evening were opening remarks by Principal Art Bloom, who also assisted in handing out the awards as they were made by the coaches.

SPEAKER of the evening was Art Gallan of the University of California, who gave a talk on basketball in general and the UC Pacific Coast Conference basketball champions in particular.

Coach Virgil Sullivan gave out certificate awards to letter-winners in Bee, Cee and Dee basketball, while varsity mentor Art Pouplin presented varsity letter-winners.

FINAL PRESENTATIONS of trophy awards climaxed the evening's activity, with Doug Sherbourne carrying of the cup as team captain.

Tony Ruiz of Antioch was given an award as the outstanding opponent.

Dan Ipson received plaudits and a cup as the most improved player, while Bob Ritchie, an All-County guard for the second year in a row, went home with the award for the most valuable player.

Fight Night Card Slated Tomorrow At St. Mary's Gym

St. Mary's will hold its first Fight Night in several years tomorrow featuring special events and a nine-bout card.

Chairman Rick Ruff has arranged a Golden Glove main event from the Oakland police department, plus an "old fashioned blindfold Donnybrook free-for-all" to be staged by six members of the Eire Oge, campus Irish society as a part of their St. Patrick's Eve celebrations.

In other featured bouts, Ruff will meet Jack Witry in a heavyweight match, and 6'9" Jim Linhart will box 6'5" Laroy Doss in the "Skyscraper division" open only to Gael basketballers.

Director of minor sports Bob Hagler will emcee the card, which will be held in the Men's Gymnasium on campus. The affair is open to the public, admission $1 for adults, children under twelve free.

Annual Camellia Show is Tomorrow, Sunday in WC

The annual Camellia Show will be held at the Walnut Creek Recreation Center tomorrow and Sunday. Entries will come from many cities and suburban areas in Northern California.

The doors will be open from 2:30 p.m. to 10 tomorrow, and from 10 a.m. to 6 p.m. on Sunday. Admission is 50 cents.

Jack Osegueda, president of the sponsoring Northern California Camellia Society, said that, "With participation of local garden clubs, the show promises to be the finest staged in the west."

He added, "Many new varieties grown by the exhibitors will be seen for the first time, competing for many awards, including eight trophy cups."

Among the Contra Costa County people who will take part are Mr. and Mrs. John Beers, Al Evers, David Feathers, Harold Paige, Haig Ashuckian, Fred Heitman, Arthur Pattersons, Mrs. M. R. Bell, Mrs. George Gail and Rose Gaubert.

Osegueda continued, "It isn't necessary to be an expert on camellias to enter flowers or plants at the show. Just bring them to the show Saturday morning by 10 a.m.

"The size and age of camellia plants has no bearing on the size and beauty of blooms, many times foot-tall plants bear prize-winning blooms that are every bit as good as those grown on older, larger plants," he said.

"Colorful Living with Camellias" will be the theme of the show. Designer will be Robert Graves, landscape artist. Educational and mass displays will be seen — also garden settings by leading Contra Costa nurseries.

Thousands of blooms, singly, in groups of three, seven, 12 will be shown, in hundreds of varieties—all labeled as to name.

The public is invited to attend. Funds derived from the show will be used to publish bulletins and camellia plantings. The Camellia Society is a non-profit organization.

Adventists to Hear Visiting Minister

Visiting minister tomorrow at the Seventh Day Adventist Church of Berkeley, on Parker Street, Berkeley, will be Elder Vernon Jewett. His sermon topic will be "Behold, I Come Quickly."

The main service wil be at 11 a.m. Sabbath School and classes for children and adults will be at 9:30 a.m.

Elder Jewett is from Manila, Philippine Islands. He is doing graduate study at the University of California. His wife and two sons are with him in Berkeley.

Insurance Men Form New Unit

Representatives from 15 Central Contra Costa County area life insurance companies met March 6 in Concord to form the Mt. Diablo Life Underwriters Association.

Officers elected for the coming year are: Robert Joy, president; Roy Bonney, first vice-president; Paul Oram, second vice-president, and Alyce Larscheid, secretary-treasurer.

Objects of the association, as outlined by Joy, are:

To promote higher standards in the profession, create public good will and promote public interest in insurance, and promote the best interests of the life insurance industry.

Your Garden

Kurume Azaleas Rate High Among Flowering Shrubs

By THE GARDENER

KURUME AZALEAS, now in bloom, are among the finest flowering shrubs for California gardens.

Because of their compact, low, spreading manner of growth, they can be planted in a variety of ways making them excellent for almost any type of garden.

The Kurume azalea is evergreen and blooms from February to May, with flowers often so profuse that they hide the plant itself.

Hardy to 20 degrees, Kurumes can be grown successfully in most areas of the state.

Plant these azaleas as foreground or border shrubs, suggests the California Association of Nurserymen.

HANDSOME IN TUBS and raised beds, Kurumes can also be attractively planted in masses under trees or in garden beds.

The azaleas, a member of the rhondodendron family, has only a few cultural requirements.

By meeting them, gardeners can assure themselves of success.

PLANT AZALEAS in well drained, light acid soil.

A mixture of leaf mold, peat and clean sand is good.

Do not plant azaleas in all-day shade; they need protection durnig the heat of the day - noon to 3 p.m.

Keep the soil around the plants moist, but not soggy.

DIG THE PLANTING hole 2 feet square and 8 to 12 inches deep, and fill in around the plant with peat moss to one inch above the soil level.

Firm the soil around the root system, and do not plant deeper than soil level.

If you garden in clay or adobe soils, plant your azaleas in raised beds of the recommended planting mixture, because caly and adobe do not drain well.

FERTILIZE AZALEAS on April 1, May 1, July 15 and August 15 with an acid reaction fertilizer, but allow your plants to become well established (2-3 months) before feeding.

Kurume azaleas are available in many name varieties and colors.

Well-known varieties include Hexe, brilliant crimson, large semi-double flowers; Niobe, pure white; Coral Bells, shades of pink, bell shaped flowers.

Kurumes bloom in purple, red, pale pink, orange, white edged in orange, orchid, ruby red and blue pink.

CHANGING OIL

Don't scoff at the necessity for changing the oil in your car frequently, advises the National Automobile Club. Only an oil with good body will prevent serious wear of your cylinder walls.

Heating Aids Your Pool

A pool heater stretches your swimming season by several months, thus is a sensible addition to your pool.

It may be installed along with the construction of the pool or added at a later date.

IT MAY BE gas or oil fired, and should be located immediately adjacent to the filter.

An aquastat will automatically maintain the desired water temperature.

Due to the hardness of all natural water, and the "build-up" of this hardness content in a swimming pool, the indirect type heater is usually recommended.

IN THIS TYPE heater, which utilizes a heat exchanger, the flame does not come in contact with the tubes carrying hard pool water, thus no hardness scale deposit will occur in the heater tubes.

Direct type heaters may be used only with radiant panel heating.

Plenty of Good Reasons For That Swimming Pool!

Love that pool! Who wouldn't? A swimming pool makes your home, this year and every year, the grandest-of-all vacation spots, and the vacation money you've been spending will soon pay for it.

To kids, a pool is a special sort of heaven — the nicest thing that can happen to a back yard . . . your back yard.

A swimming pool is a good investment — a worthwhile investment in health and happiness, an investment that adds to the beauty of your garden and increases the resale value of your property.

A GOOD SWIMMING pool is easy to maintain, inexpensive to own and fun to live with.

Art Pageant Is May 23; Ball Planned

The Diablo Art Association and the Walnut Creek Chamber of Commerce will jointly present the second annual Diablo Pageant of Arts on May 23-28.

Merchants throughout Walnut Creek are donating window and store space for exhibitions of paintings and craftwork.

Art-in-Action will be scheduled in strategic spots, showing weaving, pottery, glass-blowing, portrait sketching, copper enameling, photography, wood-carving, silk screen process and painting in various mediums.

A Student Art Show, sponsored by the Children's Co-operative and the Valley Art Center, will be shown in the Walnut Creek Recreation Center. Grammar and high schools will be represented.

Some of the groups planning to participate are D.A.A., Valley Art Center, Adult Education Classes, College of Arts and Crafts, Parks Air Force Base, various Folk Dance groups, A.A.U.W., Diablo Weavers, Juvenile Hall and St. Mary's College.

Kick-off will be an Artists Ball Pageant chairman is Katy Madsen. Her co-chairman is Evadne Wenker.

Greek Folk Songs To Be Feature

Greek folk songs and Byzantine religious music will form the program for rthe Bay Area Byzantine Chorale's concert at St. Mary's College Thursday in Oliver Hall.

The twenty-five voice mixed choir under the direction of Pereceles Phillips, is composed of members of the area's three Greek Orthodox churches.

This concert marks the group's third appearance at St. Mary's. Previously they had sung in 1951, and last May Both performances met with enthusiastic response.

Feature soloist in the choir is Father Anthony Kosturos, pastor of Holy Trinity Church in San Francisco.

Sponsors for the event is the Associated Student Body of St. Mary's.

The concert, beginning at 8:30 p.m., is open to the general public. There is no admission charge.

Diablo Artists Way, Schuchard Have Showings

Diablo Art Association member Mary Way of Martinez is holding a one-man show in the Martinez Branch Library until March 31.

Her exhibit consists of landcapes, portraits and imaginative designs in oil technique, with a few watercolors.

Miss Way, a child welfare worker for Contra Costa County has been painting since she moved to Martinez six years ago.

She has studied under Jade Fon at the East Contra Costa Junior College, with Marques Reitzel at his Pescareros Art Ranch, and with Marie Underwood of Berkeley.

Another one-man show being held during the month of March is that of Otto Schuchard of Orinda who is exhibiting in Pillsbury Stationers in Walnut Creek.

Mr. Schuchard is a new member of the Diablo Art Association. He has been painting for almost sixty years, and is especially well-known for his pen-and-ink drawings.

He has exhibited at the San Francisco Art Festival, at Valley Art Center Shows and has won awards at Contra Costa County Fairs.

Born in Salinas, he has lived in California all of his life.

He moved to Orinda 8 years ago Since his retirement from the Pacific Telephone and Telegraph Co. painting and hybridizing pedigree stock iris have been his main interests, along with color slide photography.

His show is in black and white and watercolor. It will hang until March 31.

DRINKING

It isn't only drunken drivers who have trouble. Statistics show that over one-fourth of the total number of pedestrians killed have been drinking. Anyway you look at it, the street is a dangerous place to be when you have been drinking.

Curtain Callers Will Present Two Children's Plays

Two plays for children will be presented by "The Curtain Callers," a high school dramatic group of the Orinda Art Center, on Saturday, March 23, at 10:30 and again at 2 o'clock at Stanley School in Lafayette.

The plays are under the auspices of the American Association of University Women, Walnut Creek section.

Both the one-act plays will be given at each performance. The casts of each include people who have appeared with the Dramateurs as well as in previous productions of the Curtain Callers.

"Too Many Kittens," by Mildred Hark, is under the direction of Naomi Giddings of Miramonte School. The cast includes Bonnie Gardner, Tom Miles, Hetty Dutra, Sharon Gillespie, Burly Willis, Ruth Thompson, Luzanne Lang and Nancy Grah.

"The Princess and the Rose Colored Glasses," by Mildred Hark, is under the direction of Mrs. Stuart Henderson, one of the organizers of the Curtain Callers. The cast includes Steve Flint, Christine Romine, Margaret Healey, Judy Howes, Joanne Sharp, Becky Harris, Judy Myer, Judy Henderson, Steve Pickering, Joan Haefele and Pete Abel.

Both brief one-act plays have been written with great appeal to young children. Parents who bring their youngsters will thoroughly enjoy many of the sparkling lines that will delight the young audience. Information on tickets may be obtained by calling CLifrfod 4-3592 or CLifford 4-2133.

Art Group's Protege Plans 2-Week Showing

A travelling collection of the recent paintings of Louis Gutierrez, 23-year-old Pittsburg artist now studying in Mexico on a scholarship, will be shown first at East Contra Costa Junior College, his junior college alma mater, starting tomorrow.

Until March 28, the exhibit, which includes representational and abstract oils, drawings, etchings and watercolors, will hang in the west room of the new Student Activities Building.

Afterward it will move to the Martinez Public Library and for the rest of the year will tour the principal cities of Contra Costa.

Arrangements were made through the Diablo Art Association which has been instrumental in raising funds for Gutierrez' travelling expenses and living costs not covered by the scholarship.
